MSA Championship Grade: C

1.1.3 Officials:

Championship Coordinator: Ashley Gallagher Ginetta Cars

Licenced Eligibility Scrutineer: Clive Greves BARC

Championship Stewards:

Dennis Carter	BARC
Bill Coombs	BARC
Dale Wells	BARC
Guy Woodward	BARC

Any three of the above may reach a decision.

Championship Clerks of the Course: Andy Butler BARC

1.2 Competitor Eligibility

1.2.1 Drivers and Entrant / Drivers must be a minimum of 14 years of age prior to competing in their first race of the Ginetta Junior Championship. Drivers who reach the age of 17 during the racing season (1st Jan 2017 to 31st Dec 2017) may continue to take part in all rounds of the championship for the remainder of that season.

1.2.2 A competitor shall not take time off school to participate in motorsport without the prior written approval of their school. If participation in the championship requires absence from school, drivers in full-time school education are required to have the approval of their Head Teacher and a letter stating such approval from the school in order to fulfil registration for the Championship.

1.2.3 Entrants must be fully paid up valid membership card holding members of the BARC and in possession of a valid 2017 MSA Entrants Licences.

- 1.2.4 Where there is no officially licensed entrant, the Parent / Legal Guardian or other delegated representative of the driver will assume the role of an entrant [H27] and must be present with the driver at all times.
- 1.2.5 Drivers must be fully paid up valid membership card holding Racing Members of the BARC, be Registered for the Championship and be in possession of one of the following licences:
 - (i) A valid MSA Competition (Car Racing) licence endorsed “Junior Formulae only” and valid for this Championship.
 - (ii) A junior race licence issued by Motorsport Ireland.
- 1.2.6 All necessary documentation must be presented to the series organiser for checking at all rounds when signing-on.
- 1.2.7 It is a condition of registration that any MSA ‘Junior’ race licence will be held by the BARC for the duration of registration in this championship.
- 1.2.8 Any driver wishing to compete in other ‘Junior’ formulae must make a temporary or permanent arrangement with the BARC for the transfer of their licence to the person or body responsible for holding the licences on behalf of that formula and vice-versa.
- 1.2.9 Only those cars complying with the 2017 Technical Regulations for the Championship and / or any amendments to the Technical Regulations issued from time to time by way of an official Championship Bulletin, in accordance with MSA Regulation **D11.1** will be allowed to compete in any round of the Championship.
- 1.2.10 Entrants/Drivers must ensure that their cars comply with the conditions of eligibility and safety throughout qualifying and racing. At any time during an Event, the Championship Clerk of the Course can require a Driver to have a medical examination by the BTCC Medical Adviser or his/her nominee.

1.3 Registration

- 1.3.1 All competitors must register for the championship by returning the Drivers Registration Form in full to the Coordinator. Registrations are accepted on a “first come first served basis”.
- 1.3.2 The Drivers Registration Form must be completed in full, signed by the driver, and if applicable by the Entrant / Team and be accompanied by the Drivers Registration Fee in full, in order to be considered. The Drivers Registration Form must also be counter signed by the Parent or Legal Guardian of the driver.
- 1.3.3 The acceptance or rejection of a registration application will be based upon the information given on the registration form. It is therefore a condition of registration that drivers accept that the BARC reserves the right to reject registration applications and / or entries to individual events without giving reasons [H30.1.3(b) applies].
- 1.3.4 The Drivers Registration Fee is **£15,850** plus VAT per driver. Cheques should be made payable to Ginetta Cars Ltd. This registration fee is fully inclusive of entry fees to all rounds of the Championship, Official Friday test days, timing fees and medical provision.

This fee is payable in full by all competitors prior to the 30th March 2017. Entry fees may not be paid by account.

- 1.3.5 The Drivers Registration Fee is inclusive of BARC membership.
- 1.3.6 A registration once made and accepted shall constitute a legally binding contract and a registration may only be withdrawn without penalty with the mutual consent of both parties. An entrant or driver whose registration is accepted and who otherwise fails to participate in the Championship shall forfeit their registration fees in their entirety.
- 1.3.7 The Organisers may accept or refuse any registration and withdraw a registration at any time, should the inclusion of the competitor or team be deemed in his/her absolute discretion not to be in the best interests of the Championship.
- 1.3.8 Registrations will be accepted from 1st December 2016 until further notice. A maximum of 30 registrations will be accepted for entry into the championship on a first come first served basis. Any registrations received after the first 30 will be held as entry reserves but may join the championship at the discretion of The Organisers.
- 1.3.9 Registration numbers will be the permanent Competition numbers for the Championship and will be allocated by the Coordinator. Numbers 1 through 10 are reserved for Championship Organisers use and will be allocated to returning drivers. Number 40 is reserved for Championship Organisers use and may not be assigned by anyone other than the Coordinator.
- 1.3.10 Guest Competitors may be permitted to make guest appearances at the sole discretion of the Organisers and subject to such conditions as they may stipulate from time to time but subject to meeting the licence requirements of Sporting Regulation **1.2**. As a condition of registration and entry, no guest driver is able to score points or be awarded prize money in the Championship. At the discretion of the Organisers and Ginetta Cars Ltd the driver of any Guest Competitor entered in this way need not comply with the membership requirements of regulation **1.2.3**. The registration form must be completed but the payment of the registration fee specified in regulation **1.3.4** is waived. Otherwise, all regulations of the Championship must be observed.
- 1.3.11 By registering for the Championship all competitors, and their associates, commit to the MSA Race 'n' Respect campaign and agree to positively promote and demonstrate the Racing Code, which is appended to these regulations.

1.4 Medical

- 1.4.1 A BTCC Medical Information Sheet (see Appendix A) must be completed and returned to the BTCC Medical Adviser via the Championship Organisers, at least 7 (seven) days prior to the first event or Ginetta Cars official test day in which a Driver intends to compete.

Drivers must notify the BTCC Medical Adviser if:

- (i) The Driver is involved in any serious accident at any event or otherwise at any venue.
- (ii) There is a significant change in the general physical or mental condition of the Driver.
- (iii) The Driver is hospitalised for any reason

(iv) Drugs are taken for any medical conditions that have not been previously notified.

3 SPORTING REGULATIONS - CHAMPIONSHIP RACE MEETINGS & RACE PROCEDURES:

3.1 Entries

- 3.1.1 The Championship Registration Form that includes the race Entry Form is contained within Appendix B of these Championship regulations.
- 3.1.2 Entrants are responsible for sending in fully completed Registration Forms, signed by the competing Entrant and Driver together with the registration fee to the Championship Coordinator prior to the closing date, of 30th March 2017. The Championship Coordinator reserves the absolute right to accept registration/entries after that date.
- 3.1.3 Any withdrawal of entry or amendments to an entry must be notified to the Championship Coordinator in writing. If changes are made after publication of Entry Lists with Final Instructions, the Entrant/Driver concerned must apply for approval of acceptance by the Stewards of the Meeting before signing-on.
- 3.1.4 Entry for each round is included in the Registration Fee.
- 3.1.5 Qualification races will be held at the discretion of the Organisers.
- 3.1.6 Any reserves are to be nominated on the Final List of Entries published with Final Instructions or Amendment Sheet Bulletins. All reserves will practice and replace withdrawn or retired entries in Reserve Number order irrespective of class. If any Reserves are given Grid Places prior to issue of the first Grid Sheets for any round the times set in practice shall determine their grid positions. If Reserves are given Grid Places after publication of the Grid Sheet and prior to cars collecting in the Official "Assembly Areas" they will be placed at the rear of the Grid and will be started WITHOUT any time delay. Otherwise they will be held in the pit lane and be released to start the race after the last car to start the GREEN FLAG LAP or last car to take the start has passed the startline or pit lane exit, whichever is the later. Such approval to start MUST be obtained from the Clerk of the Course.

3.2 Briefings

- 3.2.1 The Organisers will notify Competitors of the times and locations for all briefings in the Final Instructions for the meetings, by bulletin prior to the event or at the event. Competitors and their Parent / Guardian / Guarantor must attend all briefings and any competitor who fails to attend or arrives late, may be penalised in accordance with MSA Regulations.

3.3 Scrutineering Protocol

- 3.3.1 The Championship Organisers will appoint a permanent Eligibility Scrutineer who, with his team, will be responsible for the scrutineering of the vehicles for the qualifying sessions and races of the Championship in accordance with Regulation 1.2.
- 3.3.2 For scrutineering, the Entrant / Driver must present the competing vehicle and mandatory Entrant / Driver safety equipment. The vehicle must be submitted as used in the Championship and must correspond to all applicable Technical Regulations.

- 3.3.3 A completed log book for each vehicle must be correctly submitted, unless the Eligibility Scrutineer requests otherwise.
- 3.3.4 Aside from the Eligibility Scrutineer, the vehicles may also be subject to eligibility scrutineering during and after the Event. Vehicles will be selected at the sole discretion of the Eligibility Scrutineer and/or his nominated representative. The Eligibility Scrutineer and / or his nominated representative will make random checks in addition to scheduled scrutineering checks for vehicle eligibility throughout Events. Any infringement will be subject to a report to the Clerk of the Course.
- 3.3.5 Entrants/Drivers must comply with the directives of the Eligibility Scrutineer and/or his nominated representative in respect of scrutineering and of re-scrutineering after the Event.
- 3.3.6 After each qualifying session and race the vehicles must be presented directly for scrutineering. Any area deemed necessary by the Eligibility Scrutineer and / or his nominated representative will be subject to Parc Fermé conditions with no exceptions. This will include the track from the Finish Line to the scrutineering area, the waiting area in front as well as the track from the scrutineering area to Parc Fermé, but all areas may be used if necessary.
- 3.3.7 Public and team personnel must not enter Parc Fermé unless invited by the Eligibility / Safety Scrutineer and/or his nominated representative. Should unauthorised team personnel be present in these areas, they render their car liable to exclusion from the qualifying session or race. Any breach to Parc Fermé regs will be reported to the Clerk who may impose penalties as appropriate. At their discretion the Clerk of the Course or Organisers may assign other penalties to any driver / team breaching Parc Fermé regulations. On request of the Eligibility / Safety Scrutineer, the Parent or Legal Guardian of the driver will be permitted in Parc Fermé.
- 3.3.8 Cars may be held in Parc Fermé for a minimum of 20 (twenty) minutes after each qualifying session and race until released by the Eligibility / Safety Scrutineer.
- 3.3.9 At any time the Championship Organisers reserve the right to scrutineer any component or vehicle in the presence of the permanent Eligibility / Safety Scrutineer and one other scrutineer at the Ginetta Cars workshop or at a service partners premises. An invited member of the team may also be present. Removal of components from the car may be required at the Event or at the Ginetta Cars workshop at the discretion of the Eligibility / Safety Scrutineer. After thorough scrutineering of the parts, the result will be submitted to the Clerk of the Course.
- 3.3.10 In the case of a breach of the Technical Regulations or a breach of the procedure surrounding the Technical Regulations, any costs associated with scrutineering and/or eligibility inspections (including, but not limited to transportation, checks, inspections, rebuilds, etc.) will be the sole responsibility of the Entrant.
- 3.3.11 The assembly and dismantling of the vehicle(s) is solely the responsibility of the Entrant(s). Reimbursement of expenses for these measures may not be claimed. Exceptions to this may include appeal / protest according to Section C of the "MSA Yearbook" 2017.
- 3.3.12 The Championship Organisers will nominate a rolling road dyno truck that may be used to assist the Eligibility Scrutineer. At any time the Championship Organisers or Eligibility

Scrutineer reserve the right to test a vehicle on the nominated rolling road dyno machine and may use any data from the rolling road dyno machine as guidance and to assist with their determination of eligibility. Competitors / entrants must sign any associated indemnities to allow their car to be tested on the dyno.

- 3.3.13 In the event of a car being dyno tested after a qualifying session or race the driver/team will be informed by the Eligibility Scrutineer. The car must then be left in Parc Fermé until it is collected by a designated Ginetta official.

3.4 Qualifying

- 3.4.1 The minimum period of qualifying to be provided at all events will be fifteen minutes. Should any Qualifying Session be disrupted the Clerk of the Course shall not be obliged to resume or re-run sessions and the decision of the Clerk of the Course shall be final.

3.5 Qualification Criteria

- 3.5.1 Any driver who has not raced over the course in its current layout within the preceding 12 months must complete three practice laps in the car to be raced in order to satisfy the Clerk of the Course as to his/her competence. The Clerk of the Course and / or Stewards of the Meeting shall have the right to exclude any driver whose qualifying times and / or driving are considered to be unsatisfactory, as per MSA Regulations.

- 3.5.2 Each driver's fastest qualifying time will determine the grid for the first Championship race at each Event. **Each driver's second fastest qualifying time will determine the grid for the second Championship race at this Event.**

~~The starting grid for the second race will be formed from the finishing order of the first race, as published by the official timekeepers. Competitors not classified as finishers in the first race will be placed on the starting grid for the second race after the last classified competitor according to the number of laps covered.~~

- 3.5.3 The starting grid for the third race (where one is scheduled) will be formed from the finishing order of the second race, as published by the official timekeepers. Competitors not classified as finishers in the first race will be placed on the starting grid for the second race after the last classified competitor according to the number of laps covered. ~~Any number between, and including, the first four and six finishers from the second race shall have their grid positions for the third race reversed, with the number to be picked at random by the winner of the second race or someone nominated by the Championship Coordinator. All other classified finishers will be allocated grid positions in accordance with their finishing order from the second race.~~

- 3.5.4 During the course of any qualifying session, all competing cars must remain in the Pit Lane while not on the track. At no time will any competing car be allowed in the Pit Garages or Paddock areas until such time as the qualifying session has ended and the car cleared from any post-qualifying scrutineering checks and released from Parc Fermé, except with the express permission of the Clerk of the Course.

- 3.5.5 After taking the Chequered Flag, Drivers are required to progressively and safely slow down, remain behind any Drivers ahead of them and proceed directly to the designated Parc Fermé area without stopping unless directed by an Official of the Meeting. Cars must remain in the designated Parc Fermé area until formally released by the Eligibility / Safety Scrutineer.

- 3.5.6 Any cars in the Pit Lane at the end of a qualifying session, come under Parc Fermé conditions at the showing of the Chequered Flag and should be taken directly to the designated Parc Fermé area.
- 3.5.7 In the event of a partial qualifying session being run, grid order for any drivers who failed to set a time will be formed at the rear of the grid, formed according to the current Championship Drivers' standings. Where there is a tie on points, the Driver with the best result in the previous round will take priority. Where it is the first round of the Championship, the grid will be formed based on championship race number in ascending order.
- 3.5.8 Where, through force majeure, it is not possible to hold a qualifying session the grid for that race will be formed according to the current Championship Drivers' standings. Where there is a tie on points, the Driver with the best result in the previous round will take priority. Where it is the first round of the Championship the grid will be formed based on championship race number in ascending order for race one, and reversed for race two.
- 3.5.9 Any penalty applied to competitors which affect the grid, will be applied in the order in which the infringements took place.

3.6 Races

- 3.6.1 The standard minimum scheduled race distance shall be 20 minutes whenever practicable (with the exception of events held at Croft and Oulton Park, which will be 15 minutes) and will be set by race organisers. Should any race distance be reduced at the discretion of the Clerk of the Course or Stewards of the Meeting, it shall still count as a full points scoring round.
- 3.6.2 The distance will be converted into a specific number of laps and announced prior to each Event. When the number of laps defined as the race distance has not been achieved by the leading Driver after the maximum duration has elapsed, the leader will be shown the Chequered Flag the next time he/she passes the Start / Finish Line. In this case, where possible, notification of the last lap will be advised to Entrants/Drivers by the showing of a board on the Start/Finish Line. The Start / Finish Line applies both to the track and the Pit Lane. The maximum race duration will be notified to teams / drivers by official bulletin prior to each race weekend.

3.7 Race Starts

- 3.7.1 All race start countdowns are to have a minimum elapsed period of 5 minutes from the time that all cars are released to form up on the grid to the start of the green flag lap(s) in the formation as specified on the Track Licence for each circuit.
- 3.7.2 When the signal is given, the cars will be released on to the circuit behind the Safety Car and led to the grid. Once the train of cars following the Safety Car has left the Assembly Area, the Assembly Area and Pit Lane Exit will be closed. During this lap the cars will keep in formation with no overtaking. The Safety Car will set the pace. No practice starts may be executed during the course of this lap. At the end of this lap the cars will take up their grid positions. Any car unable to join the train of cars following the Safety Car shall be held in the Pit Lane and may only exit the Pit Lane after the last car has passed the Pit Lane Exit on the Green Flag Lap, but shall only do so under the instruction of the Pit

Lane Marshals. The car must then join the train at the back of the grid in front of any car with a time delay.

3.7.3 If a car is unable to re-join on the Green Flag Lap it shall be held in the Pit Lane and may only start the race after the last car to take the start has passed the Pit Lane Exit on the first racing lap, but shall only do so under the instruction of the Pit Lane Marshall.

3.7.4 All starts will be Standing Starts and grids will be determined in a 2 x 2 formation.

3.7.5 The countdown procedures/audible warnings sequence shall be:

2 minutes to start of Green Flag/Pace Lap - Close Pit lane exit / Clear Grid Warning/Grid Closed

1 minute to start of Green Flag/Pace Lap - Start engines/Clear Grid

30 seconds - Visible/audible warning start of Green Flag Lap imminent

Green Flag - Start of green flag lap

3.7.6 During the Green Flag Lap the cars will keep in formation with no overtaking. The Safety Car will set the pace. No practice starts may be executed during the course of this lap. At the end of this Green Flag Lap, the cars will take up their grid positions.

3.7.7 Any cars removed from the grid after the 3 minute stage or driven into the pits on the Green Flag Lap shall be held in the pit lane and may start the race after the last car to take the start from the grid has passed the startline or the pit lane exit, whichever is the later.

3.7.8 Any drivers unable to start the Green Flag / Pace Lap or Race Start are required to indicate their situation as per MSA Regulation **Q12.13.2.** and any drivers unable to maintain their grid positions on the Green Flag Lap to the extent that ALL other cars are ahead of them, may complete the Green Flag Lap but MUST remain at the rear of the last row of the grid but ahead of any cars to be started with a time delay.

3.7.9 Excessive weaving to warm up tyres - using more than 50% of the track width and falling back in order to accelerate and practice starts - is prohibited.

3.7.10 Any Driver(s) unable to maintain their grid position on the Green Flag Lap to the extent that all other cars are ahead of him/her may complete the Green Flag Lap but must remain at the rear of the last row of the grid, but ahead of any cars to be started with a time delay. Any Driver(s) unable to maintain their grid position on the Green Flag Lap, but who still has other moving competing cars behind him / her may regain their allocation grid position(s). However, this must be undertaken by exercising maximum caution.

3.7.11 A 5-second board will be used to indicate that the grid is complete, the red lights will be switched on 5 seconds after this board is withdrawn and the race will start when the red lights are switched off.

3.7.12 Any driver adjudged to have committed a False Start or breached any part of the Start Procedure will be served with a Drive-through Penalty in accordance with MSA Regulation **Q12.6.** penalised by the addition of 10 seconds to the time taken to complete course.

3.8 Start Delayed Procedure

3.8.1 If the starter deems that the start needs to be delayed, he/she will display a "Start Delayed" board. The Countdown Procedure/Audible Warning sequence will then recommence from the one-minute board and the race may be started by use of the National Flag if all Drivers have been informed of the change of start signal.

3.8.2 Any Driver(s) unable to start the race must indicate their situation in accordance with MSA Regulation **Q12.13.2**.

Any Driver(s) deemed to have caused an aborted start will be moved to the back of the grid but ahead of any cars to be started with a time delay. Depending on individual circuit layout, the car(s) will either be removed to the back of the grid before the Green Flag Lap commences or the driver(s) will be instructed to commence the Green Flag Lap from his / her original grid position but must, during the course of the Green Flag Lap, allow any car(s) starting behind them to overtake, thus ensuring that they take the restart from the back of the grid (but ahead of any car(s) to be started with a time delay). If more than one car is penalised in this way, then their order at the back of the grid will reflect their original grid positions. The onus is on the Driver to comply and failure to do so will result in a report to the Clerk of the Course who may impose a drive through penalty or retrospective 30-second time penalty.

3.8.3 Aborted start procedure will be as follows:

- (i) The start-delayed board is displayed, engines may be switched off and team members are allowed back onto the grid.
- (ii) When the Operations Clerk and Championship Clerk of the Course are happy, the countdown restarts from the one-minute signal and the grid cleared in the usual way.
- (iii) Any car(s) that then cannot be started will be pushed to the side of the track (or Pit Lane if practical) and covered by a waved Yellow Flag. If any such car(s) at the side of the track can start unaided, it may join the Green Flag Lap under the usual restrictions.
- (iv) The remaining cars are waved off on a Green Flag Lap.
- (v) Any stalled cars are cleared to the Pit Lane if possible, or if not, to a place of safety. Cars, once within the Pit Lane, may be assisted by their team but may only start the race after the last car has taken the start and passed the Pit Lane Exit on the first racing lap.
- (vi) The race is started, if appropriate, upon return from the Green Flag Lap in the usual way. If one Green Flag Lap has already been completed before the 'start delayed' board is shown then the race is reduced by 1 (one) lap. Then, if the start is delayed again and another lap is lost or if this causes issues with the running of the timetable the Championship Clerk of the Course will set a new race distance.

3.9 Race Stops

3.9.1 Should the need arise to stop any race, RED LIGHTS will be switched on at the Startline and RED FLAGS will be displayed at the Startline and at all Marshals Signalling Points around the Circuit. This is the signal for all drivers to cease circulating at racing speeds, to slow to a safe and reasonable pace and return to the starting grid area which will

automatically become a Parc Fermé Area. Cars may not enter the Pits unless directed to do so. Work on cars already in the Pits must cease when a race is stopped.

3.9.2 **Case A** - Less than two laps completed by Race Leader:

The race will be null and void. The race will restart from the original grid positions. Competitors unable to take the restart may be replaced by reserves who will start from the pit lane in reserve order. Gaps on the grid may be closed up at the discretion of the Clerk of the Course and time permitting. The length of the restarted race will be determined by the Clerk of the Course.

3.9.3 **Case B** - More than two laps completed by Race Leader but less than 75% of race distance completed:

The race will restart from a grid set out in the finishing order of part one, in accordance with MSA regulation **Q5.4.2**. Only cars that took part in the original start will be eligible and then only if they returned to the grid under their own power by an authorised route and were still under their own power at the showing of the Red Flag. The decision of the Clerk of the Course will be final. Parc Fermé conditions will apply on the grid and to cars already in the Pits between the two parts of the race. The only work permitted on the cars will be on the grounds of safety and only with the permission of the Eligibility / Safety Scrutineer. The result of the race will be the finishing order at the end of part two, the result will not be aggregated. The length of the restarted race will be determined by the Clerk of the Course.

3.9.4 **Case C** – The leader has completed more than 75% of the race distance or duration.

The Race shall not be restarted and the results will be declared in accordance with MSA Regulation **Q5.4.3**.

3.9.5 In the event of a restarted race, MSA regulation Q5.5 will apply to any repairs to cars required during the interval.

3.9.6 Entrants / Drivers are advised that two Red Flag race stoppages in any one round may result in their race being placed at the end of the day's racing, time permitting. Similarly, Entrants / Drivers are advised that, should the timetable be running late, their race may be postponed until later in the timetable to allow for a BTCC race to start at its scheduled start time and/or their scheduled race distance may be reduced by the Clerk of the Course in consultation with the BTCC Coordinator and with the approval of the Stewards of the Meeting.

3.9.7 If a race cannot be run or re-started at a venue for any reason, all attempts will be made to provide an additional race at another event. Any such race will utilise the original grid, and only competitors detailed on the original grid sheet will be eligible to participate.

3.10 **Re-Scrutiny / Driver Availability**

3.10.1 Any vehicle involved in an accident, or having been modified in any way subsequent to pre-Event scrutiny, must be re-presented to the Scrutineers for further examination.

3.10.2 At any time during an Event, the Clerk of the Course may order that a vehicle be re-examined, even if this involves stopping a vehicle while qualifying or racing. Failure to comply with Regulations during a qualifying session or failure to comply with the

directions of race officials to undertake a check will result in the loss of that Driver's qualifying times to that point in the session.

3.10.3 If a Driver is involved in a collision or incident, he / she must not leave the circuit (except where medically evacuated) without the consent of the Clerk of the Course, failing which, any judicial action against or relating to that Entrant / Driver may be heard in their absence.

3.10.4 Entrants / Drivers must remain available at an Event until any protest period relating to their race has elapsed, failing which, any judicial action against or relating to that Entrant / Driver may be heard in their absence.

3.10.5 Entrants' / Drivers' cars may not be removed from the Paddock during an Event after initial scrutineering except for the purpose of competing in the rounds comprised in the Event or with the prior written permission of the Eligibility / Safety Scrutineer and Clerk of the Course. The Eligibility / Safety Scrutineer may require the Entrant's / Driver's car to be re-scrutineered at any time.

3.11 Pits & Pit lane Safety

3.11.1 Pits: Entrants must ensure that the MSA, Circuit Management and Organising Club Safety Regulations are complied with at all times.

3.11.2 Pit lane: The outer lane or lanes are to be kept unobstructed to allow safe passage of cars at all times. The onus shall be on all drivers to take all due care and drive at minimum speeds in pit lanes.

3.11.3 During qualifying sessions and races, Drivers leaving the Pit Lane will do so on their own responsibility, however a marshal with a Blue Flag will warn of cars approaching.

3.11.4 Refuelling is not permitted in the pit lane at any time.

3.11.5 Speed Limit: The Pit Lane Speed Limit during each Meeting and official test day at all times is 40 mph (64 kph) with the exception of Meetings and official test days at Croft and Knockhill where it is 30mph (48kph) unless otherwise notified by way of a Bulletin.

3.11.6 The Penalty for breaching the pit lane speed limit will be a Drive through Penalty in the race but if the infringement is notified to the Clerk of the Course after the end of a race, he may levy a fine of £10 for each mph above the speed limit (this penalty will also apply for qualifying) or impose a retrospective time penalty. Signs and / or lines are used to indicate the beginning and end of the area to which the speed limit applies.

3.12 Race Finishes

3.12.1 After taking the Chequered Flag drivers are required to:

Progressively and safely slow down, remain behind any competitors ahead of them, return to the Pit lane Entrance going directly to Parc Fermé as instructed, comply with any directions given by Marshals or Officials and keeping helmets on and harnesses done up while on the circuit or in the pit lane and should remain in Parc Fermé with their cars until released by the Series Scrutineer or are required for Podium Presentations.

- 3.12.2 Parc Fermé Regulations will apply to the area between the Start / Finish Line and the Parc Fermé entrance. Any area deemed necessary by the Eligibility / Safety Scrutineer and / or his nominated representative will be subject to Parc Fermé conditions with no exceptions
- 3.12.3 Once in the Parc Fermé area, Drivers required for the podium presentations must proceed immediately to the podium. The Drivers required will be those finishing first, second and third.
- 3.12.4 Team personnel are only allowed into the Parc Fermé area at the invitation of the Series Eligibility / Safety Scrutineer. Should unauthorised team personnel be present in Parc Fermé, they render their car liable to exclusion from the Event. Any breach to Parc Fermé regs will be reported to the Clerk who may impose penalties as appropriate. At their discretion the Clerk of the Course or Organisers may assign other penalties to any driver / team breaching Parc Fermé regulations. On request of the Eligibility / Safety Scrutineer, the Parent or Legal Guardian of the driver will be permitted in Parc Fermé.

3.13 Results

- 3.13.1 All Practice Timesheets, Grids, Race Results are to be deemed PROVISIONAL until all vehicles are released by Scrutineers after Post Practice / Race Scrutineering and/or after completion of any Judicial or Technical Procedures. The Clerk of the Course may declare the race results provisional until any investigation of video or other evidence has been completed and subsequent judicial procedures undertaken regardless of whether this investigation is as a result of a protest or merely a result of establishing if a Regulation has been broken. These results will remain provisional until such time as they are declared final by the Clerk of the Course upon completion of any judicial procedures and this will be communicated to all Entrants / Drivers via a Championship Bulletin.

3.14 Timing Modules

- 3.14.1 All competitors will be required to fit an Electronic Self Identification Module (Transponder, as per **Q12.2.** of the MSA yearbook) to their cars for the purposes of accurate timing. Transponders may be purchased from Timing Solutions Limited. Holders for these and detailed fitting instructions will be issued with the transponders and it will be the responsibility of the competitor to fit these in the car in the position and manner specified. The Modules must be in place and functioning correctly for all Championship qualifying practice sessions and races. The setting and servicing of these items must only be carried out by properly authorised MSA licensed Timekeepers. Competitors will be charged by the timing company for replacement of the Modules due to misuse or loss at any time during the season.
- 3.14.2 Competitors may not place electronic timing equipment within five metres of the official Start, Finish or any other official timing lines at any event or test session / day. Any such equipment placed within these zones will be removed.
- 3.14.3 Timing modules must be positioned in the location as shown within the 2017 Ginetta G40 Junior nomenclature (See regulation **5.2.1**).

3.15 Difficulty

- 3.15.1 If any Driver experiences a serious mechanical problem at any stage he / she must leave the track as soon as it is safe to do so and park in a position of relative safety. The car

must be left in neutral and any removable steering wheel must be reattached before the Driver gets behind the protective safety barriers. The Driver should stay with the car to assist recovery crews with the task of bringing the car back to the pits at the end of the session.

3.16 Assistance

3.16.1 Regardless of the circumstances, once a Driver has received mechanical assistance to move his/her car from one position to another he / she is not permitted to continue within that particular session or race even if, after being moved into a position of safety, he / she feels he / she is able to continue.

3.17 Spare Cars

3.17.1 Replacement cars may only be permitted with the express permission of the Clerk of the Course and a Championship Coordinator. The presentation of a spare car for scrutineering must be done in accordance with the regulations set out within the 2017 MSA Yearbook. A competitor using a replacement car will incur a 20 point reduction in their Championship points total.

3.17.2 A replacement car is considered to be any car other than that which was originally scrutineered for a particular Event.

3.18 Safety Car

3.18.1 Unless specified below or within supplementary regulations, the safety car will operate in accordance with the 2017 MSA Yearbook (**Section Q, Appendix 2: Operation of Safety Car**)

3.18.2 The Safety Car will be brought into operation to neutralise a race upon the sole decision of the Clerk of the Course. The Safety Car will be driven by an experienced circuit driver (in accordance with MSA Regulation **G5**) and will carry an observer capable of recognising all competing cars and who is in permanent radio contact with race control.

3.18.3 The Safety Car, yellow / amber lights illuminated, will normally join and exit the circuit from the pit lane and the Safety Car boards will be shown initially from the start / finish line. If these locations are to be varied specific written instructions and verbal briefings will be issued detailing the exact locations to be used.

3.18.4 On the order from the Clerk of the Course, the Safety Car will join the circuit with its revolving lights on, regardless of where the race leader is.

3.18.5 When the order is given to deploy the Safety Car a waved yellow flag and "SC" board will be displayed at the start/finish line. The waved yellow flags and "SC" boards will flow around the circuit in both directions, as an adjacent post displays both their waved yellow flag and "SC" board. This system may be supplemented by a message being simultaneously broadcast to all marshals' posts if such a communication system is available.

3.18.6 Flashing yellow lights may also be used at the start-line and at other points around the circuit.

- 3.18.7 All competing cars, when notified of the Safety Car intervention (by the flag signals, "SC" boards, or by any other means) will reduce speed and line up behind the Safety Car, no more than 5 car lengths apart, and maintaining the same speed as it. Overtaking or overlapping of any other competing car during a Safety Car intervention is forbidden. Overtaking of a Safety Car is forbidden unless the particular competitor concerned is signalled to overtake the Safety Car by the observer in the Safety Car.
- 3.18.8 When ordered to do so by the Clerk of the Course, the observer in the Safety Car will wave past any cars between the Safety Car and the race leader. These cars will continue at reduced speed and without overtaking until they reach the line of cars behind the Safety Car.
- 3.18.9 While the safety car is in operation, competing cars may enter the pit lane, but may only re-join the track when signalled to do so and not when the safety car and the line of cars following it are about to pass or are passing the pit exit. A car re-joining the track must proceed at an appropriate speed until it reaches the end of the line of cars behind the Safety Car.
- 3.18.10 The Safety Car will remain in operation until at least the majority of competing cars on the circuit are lined up behind it.
- 3.18.11 When the Clerk of the Course calls in the Safety Car it will extinguish the yellow/amber flashing lights prior to exiting the circuit. This would normally be such that a minimum of 25% of a lap for circuits over 2 miles and 50% of a lap for circuits under 2 miles should be completed by the Safety Car with its lights extinguished.
- 3.18.12 Following the safety car extinguishing its lights, and prior to passing the green flag, the race leader will dictate the pace and, if necessary, fall more than five car lengths behind the Safety Car. In order to avoid the likelihood of accidents before the Safety Car returns to the pits, from the point at which the lights on the car are extinguished drivers must proceed at a pace which involves no erratic acceleration or braking nor any other manoeuvre which is likely to endanger other drivers or impede the restart.
- 3.18.13 As the Safety Car is approaching the pit entry, the green flag will be displayed at the start/finish line and the "SC" board withdrawn. Following this display of the start signal yellow flags and "SC" boards at the marshals posts will be withdrawn and be replaced with a waved green flag for one lap. The waved green flag will flow around the circuit in both directions, as an adjacent post displays their waved green flag. This system may be supplemented by a message being simultaneously broadcast to all marshals' posts if such a communication system is available. Overtaking remains strictly forbidden until the start signal at the start/finish line is passed.
- 3.18.14 The first three laps while the safety car is in service will not count as race laps. Subsequent laps covered while the safety car is in service will be counted as a race laps.
- 3.18.15 Under certain circumstances the Clerk of the Course may ask the Safety Car to use the pit lane. In this case, and provided its yellow/amber lights remain illuminated, all cars must follow it into the pit lane without overtaking. Any car entering the pit lane under these circumstances may stop at its designated garage area.
- 3.18.16 Should it be necessary to stop a race during a Safety Car deployment the Safety Car, with all competing vehicles following, will pass through the red flag at the start/finish line, complete one further lap at reduced speed and then, once the Safety Car comes to a

stop at a position indicated by the Safety Car observer (which will usually be either the grid or Parc Fermé), all competing cars must stop behind it unless otherwise directed.

3.18.17 In exceptional circumstances the following may apply:

- (i) The race may be started behind the Safety Car. In this case its revolving yellow / amber lights will be turned on at the two-minute signal. This is the signal to the Entrants/Drivers that the race will be started behind the Safety Car and it will remain at the front of the grid during the remainder of the countdown. When the Green Flag is shown at the Start / Finish Line, the Safety Car will leave the grid and all cars will follow in single file in grid order no more than 5 (five) car lengths apart. The race will be deemed to have started when the Safety Car leaves the grid and the Green Flag is displayed.
- (ii) Cars will leave the grid in single file grid order behind the Safety Car under the instruction of the Chief Start / Finish Line Marshal. Cars will remain in single file without overtaking, except that a car that falls behind may regain its grid position if the cars behind it could not avoid passing without unduly delaying the remainder of the field. In this case, Drivers may carefully overtake to re-establish their original starting grid order. If a car falls to the back of the grid, it must remain at the back of the grid.
- (iii) Any car(s) delayed leaving the grid may not overtake another moving car if stationary after the remainder of the cars had crossed the line. In this case the car(s) shall remain at the back of the grid, in the order they left the grid.
- (iv) A time penalty or Drive Through Penalty may be imposed on any Driver who, in the opinion of the Clerk of the Course, unnecessarily overtakes another Driver during these laps.
- (v) The "SC" boards and Yellow Flags will be displayed at Marshals' Signalling Posts around the circuit until the Clerk of the Course withdraws the Safety Car from use in accordance with Regulation **3.18.10**, **3.18.11** and **3.18.12**.
- (vi) All laps undertaken in this start procedure will be deemed to be counted as race laps

3.18.18 Any car being driven unnecessarily slowly, erratically or which is deemed potentially dangerous to other drivers at any time whilst the safety car is deployed will be reported to the Clerk of the Course. This will apply whether any such car is being driven on the track, the pit entry or the pit lane.

3.19 Driving Standards

3.19.1 Any competitor who is reported to be involved in cases of contact, which in the opinion of Officials is avoidable, may be subject to the following immediate penalties:

- (i) During practice and / or qualifying: The competitor concerned may be Black Flagged and subsequently, may be prevented from taking any further part in that session
- (ii) During race: The competitor concerned may be penalised by way of a drive through penalty in accordance with MSA Regulation **Q12.6**.

3.19.2 A drive through penalty being imposed will be notified by the use of a Black Flag or Black Flag and Penalty Board and must be taken within 3 laps of the notification being given. It

will involve the competitor entering the pit lane, observing the pit lane speed limit between the 'in' and 'out' control lines, and exiting the pit lane to re-join the race, without stopping at his / her pit.

3.19.3 Failure to comply with the imposition of a drive through penalty, may result in exclusion from the race in question.

3.19.4 In the event that a penalty described above cannot be imposed for operational reasons during a race, the competitor concerned may be given a 30 second elapsed time penalty (and relative Licence Penalty Points) as an alternative.

3.19.5 The Organisers will meet following each race weekend to assess all on and off track incidents.

3.19.6 The Organisers will use any evidence available to them to request that the Championship Stewards investigate any drivers who are deemed to show poor driving standards or bring the championship into disrepute in any such manner through on and / or off track incidents.

3.19.7 The Championship Stewards have the ability to impose and enforce Championship penalties affecting championship points and potential refusal of race entries in the way of race suspensions. Penalties made through the driving standards panel may be in addition to any penalties made by the race Officials.

3.19.8 Any evidence available to the driving standards panel, such as observers reports and video evidence, may be used to support the imposition of penalties.

3.20 Additional Sporting Regulations issued for the Championship

3.20.1 Any driver competing in the Championship may be called before a meeting of the Championship Stewards who, at their discretion, may take further action that could include exclusion from part or all of the 2017 Championship.

3.20.2 The organisers of the Ginetta Junior Championship are determined to create a championship which is cleanly fought and with good sportsmanship prevailing.

3.20.3 Breaches of driving standards will be firmly dealt with. If the Clerk of the Course wishes to view any video evidence and / or data logging evidence in order to assist with his enquiry into a breach of driving standards he may order that the results remain provisional and he may take judicial action at a later date. However, the use of video evidence and/or data logging evidence in all circumstances is at the sole discretion of the Clerk of the Course.

3.20.4 Any driver found guilty of a driving offence which generates penalty points under MSA Regulation **C2.1.5** will also have championship points deducted proportional with the severity of penalty imposed. Any deduction of championship points will be three times that of the associated licence penalty points. i.e. formal written reprimand 6 points, fine or time penalty 9 points, exclusion from practice, qualifying or race 12 points, exclusion from meeting 18 points.

3.20.5 In addition to the penalties laid down the Championship Stewards are empowered to deduct Championship points if the conduct of the driver is deemed unacceptable.

- 3.20.6 Each Entrant / Driver is required to have one fire extinguisher per car (minimum capacity 5kg or its equivalent) within their transporter/awning at each Event. This shall not include the extinguisher fitted to the car(s).

3.21 Cameras

- 3.21.1 All cars must carry a Championship on-board Judicial camera during all official qualifying sessions and races, [see J5.21].
- 3.21.2 Competitors participating in the championship must purchase the official Ginetta championship judicial camera at a cost of £250. It is the entrants responsibility to ensure that the judicial camera is fitted and operational during all official qualifying and races.
- 3.21.3 Guest drivers will be given the opportunity to rent a judicial camera at a cost of £50 per race meeting. Ginetta will also require a bond of £150 for this service, which will be repayable at the end of the race weekend on return of the loan camera.
- 3.21.4 Details of the specification, installation and operating procedures for the judicial camera will be issued via way of a Championship Bulletin prior to the start of the season.
- 3.21.5 The camera data storage device (data card) will be distributed by a Ginetta official prior to qualifying and races. The onus is on the competitor to ensure the card is fitted and the Judicial camera is switched on and recording for all official qualifying sessions and races. For any camera which is not switched on, the Competitor will incur a fine of £250 for each and every offence.
- 3.21.6 Judicial cameras must be switched on not before three minutes prior to leaving the assembly area. The camera will then be switched off, and have the data cards collected by a Ginetta representative in the Parc Fermé after the session has been completed. It is the driver/teams responsibility to ensure that the data card has been collected before the car has left Parc Fermé. If in the event of a car not being recovered to Parc Fermé the camera must be left running until a Ginetta representative has been to collect it.
- 3.21.7 During qualifying and races, the only camera permitted in the car will be the official judicial camera as supplied by Ginetta. The only exception to this will be a camera fitted by the television production company in accordance with Commercial Regulations **6.4**. This footage is to be used for judicial purposes, it is at the sole discretion of the Clerk of the Course as to whether competitors will have access to this footage after judicial procedures have been completed.

3.22 MSA Racing Code

The Racing Code is based on strong values of respect, fair play, self-control, good manners and sincerity. It is not only the competitors that signs up to the racing code as all officials, organisers, parents, guardians and teams are also involved.

The racing code means that certain standards of behaviour are expected from everyone, for example:

- Appreciation of good behaviour whenever it is displayed
- Recognising when someone walks away from an explosive situation without response or retaliation
- Good, clean racing as well as success being applauded

- Avoiding public criticism of an event, organiser, officials or their decisions, including through social media, as this could be seen as detrimental to those involved at all levels and to the sport as a whole
- This is not another arm to the judicial process and is set apart from that

Where any reports of disrespectful conduct are judged to be well founded the Championship Organisers may issue warnings or require remedial actions and/or report the matter to the Championship Stewards who may impose appropriate penalties which can include loss of Championship points and/or race bans through to Championship Expulsion and referral to the MSA.

4 CHAMPIONSHIP RACE PENALTIES

4.1.1 Infringements of Technical Regulations:

Arising from post-practice Scrutineering or Judicial Action:

Minimum Penalty: The provisions of MSA Regulation **C3.3**.

Arising from post-race Scrutineering or Judicial Action:

Minimum Penalty: The provisions of MSA Regulation **C3.5.1. (a) and (b)**.

4.1.2 For infringements deemed to be of a more serious nature the Clerk of the Course and/or the Stewards of the Meeting are to invoke the provisions of MSA Regulation **C3.5.1. (c)**.

4.1.3 Further penalties may be imposed by the Championship Stewards as outlined within these regulations.

4.1.4 Infringements of non-technical MSA Regulations and the Sporting Regulations issued for the Championship:

As per 2017 MSA Judicial Procedure Regulations and these Championship Regulations.

4.1.5 Up to a 10 Grid Place Penalty may be applied at a driver's future Race, in accordance with MSA Regulations.

5 TECHNICAL REGULATIONS

5.1 Introduction

5.1.1 The following Technical Regulations are set out in accordance with the MSA specified format.

Everything that is not explicitly authorised and anything that is not specified:

- (i) In these regulations
- (ii) In the workshop manual/nomenclature relating to the Ginetta G40 Junior Championship
- (iii) In any official technical bulletin that may be published is strictly forbidden.

5.1.2 Each Ginetta race car is manufactured to an identical class specification. In the interests of fairness and safety, competitors may not depart from this specification under any circumstances, other than as specified within these regulations.

5.1.3 All Ginetta manufactured parts and in particular body panels must be supplied by Ginetta Cars Ltd (or in the case of force majeure a supplier nominated by the organisers) and fitted in their original position.

5.1.4 Whilst the Licenced Eligibility Scrutineer is empowered to check all competing vehicles for compliance and has been provided with the data to determine the continuing eligibility of each car, the onus of responsibility for the eligibility of vehicles competing in this Championship, rests with the Competitor. In the event of a dispute concerning the compliance of a vehicle with these Regulations, the onus will be on the Competitor to satisfy the Organisers with regard to such compliance, and NOT the Organisers to prove non-compliance.

5.1.5 Where it is suspected that a component or structure fitted to the competing vehicle, may render the vehicle ineligible under these regulations, the component or access to the component will be sealed by the Licenced Eligibility Scrutineer for subsequent examination. Where ineligibility is subsequently proven, all points accrued by the competitor from and including the date of sealing the said component, to the date of examination, shall be forfeit.

5.1.6 Where costs are incurred as a result of any eligibility check, as may be reasonably requested either by the Licenced Eligibility Scrutineer or the Championship Organisers, these will be borne by the competitor.

5.1.7 As a method of control, any component on a competitor's car may be removed by the competitor at the request of the Licenced Eligibility Scrutineer and exchanged for a similar component from the car of another competitor, or provided by the Championship Organisers. This includes the ECU. Whilst efforts will be made to ensure that the condition of the exchanged parts is similar, responsibility for the care of exchanged components lies with the recipient. Exchanged components may be returned to their original owners on completion of the race.

- 5.1.8 Any infringement of these Technical Regulations will render the competitor liable to penalties as defined in Article 4.1 of the MSA Sporting Regulations.
- 5.1.9 Cars will be issued at the start of each season with log books, these will be used to record information relating to that car during the season. The competitor of each car will be responsible for the safe keeping of the log book which must be presented with the car at pre event scrutineering.
- 5.1.10 IT MUST BE CLEARLY UNDERSTOOD THAT THE OVERRIDING PRINCIPLE OF THESE REGULATIONS IS THAT UNLESS IT IS STATED THAT YOU CAN DO IT, YOU SHOULD WORK ON THE PRINCIPLE THAT YOU CANNOT.
- 5.1.11 Whilst Ginetta will endeavour to inform Competitors of any changes of components or part numbers, they reserve the right to fit updated components during the life of these Regulations.
- 5.1.12 Lubricants – All cars competing within the Championship must use the lubricants supplied by Ginetta. A technical bulletin will be issued prior to the first round of the 2017 Championship, specifying which oils are to be used in the engine, gearbox and differential of each car.
- 5.1.13 Oil samples will be taken in accordance with MSA Regulation **D34.8** and analysed throughout the season in order to police this regulation.
- 5.1.14 Failure to comply with this rule will result in a technical non-compliance being issued, and will be dealt with in accordance with the MSA guidelines detailed in regulation **4.1**.

5.2 General description

- 5.2.1 Nomenclature
- 5.2.2 The 2017 version of the Workshop Manual / Nomenclature for the Ginetta G40 Junior Car incorporating all clarifications, amendments and details of updated components shall remain the only active version of the document, and is available from Ginetta Cars Ltd on request.
- 5.2.3 The parts used to build a Ginetta G40 Junior Car are described in the document named 'nomenclature'.
These parts are divided into 3 categories.
- (i) Category A: No modifications are permitted. Parts in this category must remain in their original location and fulfil the function/s for which they were originally designed.
 - (ii) Category B: Only such modifications as specified in the regulations or the Ginetta G40 Junior Championship nomenclature are permitted.
 - (iii) Category C: The part is considered to be unrestricted on the express condition that the function for which it was originally designed is not deviated from, that it does not fulfil any additional function and that it is located in the same place as the original part.
- 5.2.4 Any technical matter affecting written regulations must be put in writing, to the Licenced Eligibility Scrutineer as any claim to have received clarifications or rulings on the

regulations must be substantiated by the production, on demand, of written confirmation of such rulings.

5.2.5 The 2017 SIMPSON RACE PRODUCTS GINETTA JUNIOR CHAMPIONSHIP is a 'one make' race series for Ginetta G40 Junior race car as specified herein.

5.3 Safety requirements

5.3.1 The Ginetta G40 race car is manufactured to comply with the following safety requirements of **Section K** of the 2017 MSA Yearbook and must be retained:

- (i) **K** Roll cage - MSA approved to FIA standards with side and rear safety protection bars, certificate number 09/2278
- (ii) **K2.1.3.** FIA homologated six point safety harness.
- (iii) **K3.1.2. (a)** Plumbed in FIA homologated fire extinguisher system. This system must be in the 'armed' condition (i.e. be capable of being operated without the removal of any safety device) at all times whilst competing or practicing. The fire extinguisher cannot be disarmed in any Parc Fermé area without the specific permission of the Licenced Eligibility Scrutineer. Any system found to be incapable of being operated, by virtue of the imposition of a safety device (eg.pin) having been made whilst the vehicle is either competing or in Parc Ferme, will be subject to report to the Clerk of the Course for possible penalisation as an offence against Safety Regulations.
- (iv) **K5** Two fog lamps, which in the Ginetta are integral within the rear light clusters.
- (v) **K6** Internal fuel filler that can be positively closed.
- (vi) **K8** External Circuit Breaker.
- (vii) **K13** Head restraint – as part of mandatory FIA approved seat.

5.3.2 The attention of all competitors is drawn to Articles **K9**, **K10**, and **K11** of the MSA Yearbook, relating to overalls, crash helmet and visors.

5.3.3 The use of an FIA homologated FHR, (head and neck support systems), is compulsory. The helmet manufacturer must certify the tether anchorages and their mounting.

5.3.4 For clarification on clothing standards and for a list of approved helmets you may refer to the FIA website, www.fia.com.

5.3.5 Any padding on the roll cage must comply with FIA standard 8857-2001

5.3.6 Roll cage padding (complying with FIA standard 8857-2001) must be used on the sections of roll cage as shown in the diagram below:

Lengths of padding required:

A = 350mm
B = 350mm
C = 400mm

5.4 General technical requirements

- 5.4.1 The Ginetta G40 Junior race car is built to comply with the provisions of **Sections J** (all vehicles) and **Q** (race vehicles) of the MSA Yearbook. Competitors are reminded that a catch tank must be fitted and that the location of the vehicle towing eyes should be suitably marked
- 5.4.2 From time to time it will be necessary to approve alternative equivalent components. Only components approved as alternatives and published as such by the Championship Organisers and / or their appointed representatives in official amendments to these regulations are eligible for the 2017 Ginetta Junior Championship.
- 5.4.3 In case of force majeure, Ginetta Cars may at any time approve alternative components. Competitors will be notified of any changes to the regulations via a published bulletin. If alternative components are to be used, these must first be approved by the Eligibility Scrutineer, and be declared within the car's log book at the time the component is fitted

when the car is presented for scrutineering. The substitute component must then be replaced as soon as the correct part becomes available.

- 5.4.4 All additional equipment fitted to cars above that supplied by Ginetta Cars, must be removed completely for any official Practice, Qualifying and Race sessions. For example if a radio kit is fitted for training purposes, this must be fully removed, as opposed to just disconnected.

5.5 Chassis

- 5.5.1 The Ginetta G40 Junior is manufactured to a standard specification and may not be altered. All chassis repair work must be undertaken only through Ginetta Cars Ltd.
- 5.5.2 The standard Ginetta G40 chassis, as well as the extended pedal box (EPB) are eligible for use in the championship.

5.6 Bodywork

- 5.6.1 The Ginetta G40 Junior race car body is manufactured to a standard specification. All body parts must be supplied through Ginetta Cars Ltd. Minor fibreglass repairs may be undertaken by the competitor, provided that the body profile is not altered in any way. Additional ventilation holes may not be cut into the bodywork unless written consent has been given by Ginetta Cars Ltd and approved by the Eligibility Scrutineer. This includes internal and external bodywork.
- 5.6.2 A bodywork template/profile tool may be used at scrutineering to ensure that original shape and car profile is retained. This includes any apertures in the bodywork. No extra panelling, either under floor or around the wheel arch area, is permitted. The presentation of vehicle bodywork and repairs must be deemed acceptable by Ginetta Cars Ltd and the Championship Organisers, in the interest of all cars being presented in a way representative of the Ginetta marque. It is not permitted to cover bodywork apertures and joint lines with adhesive tapes unless authorised by the Eligibility Scrutineer as a short term repair.
- 5.6.3 Cars must be fitted with both left hand and right hand wing mirrors. These can either be
- Part number G40-B0197 / G40-B0198
- Part number G40-B0250/G40-B0251
Both wing mirrors fitted must be of the same design and cannot be mis-matched.
- 5.6.4 It is permissible to use an alternative central rear view mirror to the one supplied by Ginetta Cars, but must be authorised by the Eligibility Scrutineer prior to being fitted.
- 5.6.5 The driver's seat is fixed and in compliance with MSA Regulation **J.5.3**.
- 5.6.6 A standard front screen, as supplied by Ginetta Cars must be fitted.
- 5.6.7 Standard indicator lens units, as supplied by Ginetta Cars must be fitted on each side of the car.
- 5.6.8 It is permitted to cut three holes into the rear window of the car, however, these must be cut as per the official Ginetta rear window template, which is available from Ginetta Cars Ltd upon request.

- 5.6.9 Rear boot spoiler part number G40-B0422 (and associated brackets) must be fitted directly to the boot, ie not spaced out with washers. The location of this must be as per the official Ginetta template.

5.7 Permitted engine

- 5.7.1 The following specifications are for information only and are not intended to infer modification in anyway is allowed.
- 5.7.2 The Ginetta G40 race car must use a standard specification Ford Zetec 1800cc.16 valve engine, in its 115PS form (code MVH 418) as supplied by Ginetta Cars. No alterations to this standard specification are permitted.
- 5.7.3 All engines bear three Ginetta approved seals. It is the competitors responsibility to ensure that his or her engine bears at least three seals throughout the season. The seals will be positioned in such a way as to prevent subsequent removal of the cam cover and sump, and thereby preventing access to the internal components of the engine.
- 5.7.4 Removal of these seals by competitors or teams is not permitted. Seals may only be removed or replaced by a designated person at Ginetta Cars or the Eligibility Scrutineer. Should any competitor suffer engine failure then the engine must be returned to Ginetta Cars Ltd. If a replacement engine is required, this must be obtained from Ginetta Cars Ltd.
- 5.7.5 Cylinder Head. No work that removes, adds, replaces or transfers material is allowed on the cylinder head, or which may in any way alter the shape of a component or port, is permissible. Polishing or abrasive cleaning of either inlet or exhaust ports, and which may result in the removal of the original manufacturer's cast finish, is strictly prohibited.
- 5.7.6 Manifolds. It is permissible to use only inlet and exhaust manifolds as supplied by Ginetta Cars Ltd, and bearing identification stamps. Polishing, abrasive cleaning, or otherwise altering the manifolds internally, is prohibited. There are two eligible inlet manifolds for the Ginetta Junior Championship as follows:
- Part number GCE0077
 - Part number MF03
- 5.7.7 And two eligible exhaust manifolds part numbers are as follows:
- Part Number M062
 - Part Number M062B
- 5.7.10 Flywheel. The cast iron flywheel must remain as supplied by Ginetta Cars Ltd, with a minimum thickness of 33.5mm, and with a minimum weight of 8.4Kg (with ring gear fitted, although excluding all flywheel and crankshaft mounting bolts).
- 5.7.11 Engine Wiring Loom. This must remain as supplied by Ginetta Cars with no modifications permitted.
- 5.7.12 Catalytic Converters. A catalytic converter must be fitted and working at all times and remain unmodified. Tests will be carried out to ensure compliance.

5.7.13 The Air Filter, as supplied by Ginetta Cars must be fitted at all times.

5.8 Transmission / final drive

- 5.8.1 The Ginetta G40 Junior race car must retain the Quaife 6 speed sequential gearbox as supplied through Ginetta Cars Ltd. It is the competitor's responsibility to ensure that the following prescribed gear ratios are retained at all times during competition: 1st 15:30, 2nd 15:23, 3rd 17:21, 4th 20:21, 5th 25:23, 6th 24:20. All gearboxes bear a Ginetta approved seal. It is the competitors responsibility to ensure that his or her gearbox bears the seal throughout the season.
- 5.8.2 The only eligible clutch drive plate to be used in the Ginetta G40 car is one of the following:
- G40G0115 (Sprung Version)
 - G40G0061 (Un-sprung Version)
- 5.8.3 The clutch, as supplied by Ginetta Cars Ltd must be retained in its original form.
- 5.8.4 An ATB limited slip differential as supplied by Ginetta Cars Ltd (Ginetta part number GCJ0001), with a final drive ratio of 3.92:1 must be used. All differentials bear two Ginetta approved seals. It is the competitors responsibility to ensure that his or her differential bear the seals throughout the season. The sealed gearbox and ATB limited slip diff may only be rebuilt by Ginetta Cars Ltd.
- 5.8.5 A hydraulic operated clutch, as supplied by Ginetta cars (see build manual), may be used as an alternative to the standard cable operated system. These components must be fitted by the factory from new.
- 5.8.6 Clutch mater cylinder reservoir may be relocated to the front engine brace using the replacement part No G40-A0196 only.
- 5.8.7 The standard sump, as supplied by Ginetta Cars Ltd with the current specification engine (Ginetta part number G40E0004) must be retained in its original form.

5.9 Induction System

- 5.9.1 The standard induction system as supplied by Ginetta Cars Ltd, conforming to 2017 specification throttle bodies must be retained.
- 5.9.2 The inlet manifold and throttle bodies and restrictor must remain as supplied by Ginetta Cars. No modification to this system or inclusion of additional structures is permissible. The throttle body housing shall not be modified internally in any way. No profiling or re-profiling is permitted.
- 5.9.3 The current specification external throttle linkage, including the throttle return spring, may not be reworked. The dimensions of the inlet trumpets are controlled at 45mm (diameter) and 90mm (length), with air filter as supplied as standard by Ginetta Cars Ltd. No modification is permissible to this system whatsoever.

5.10 Electrics

5.10.1 The battery fitted must be one of the two battery types supplied by Ginetta cars, either:

- Part number DMO 85
- Part number PC-925

5.10.2 The battery fitted must remain in the location as supplied by Ginetta Cars and be secured with the corresponding battery strap. This can be either the passenger foot well area, or mounted in the near-side boot floor.

5.10.3 Sparking plugs are free, provided they fit the engine without any modification to the cylinder head or the sparking plug and that the sparking plugs place the spark gap in the same position as the production sparking plug within the combustion chamber.

5.10.4 It is prohibited to use any other method or component to trigger, distribute or time the ignition or injection.

5.10.5 The fitting of additional instrumentation is not permitted unless under regulation 5.10.6

5.10.6 The standard data acquisition system, as supplied by Ginetta Cars, is the only permitted device and must remain set to standard configuration as supplied with the Ginetta G40 Junior Car. This system is either:

- Race Technology DL1 data logger and Dash 3 minidash.
- AIM EVO4 data logger and G-Dash minidash.

5.10.7 As a routine part of eligibility control procedures, it may be called upon by either the Championship Organisers or Eligibility Scrutineer to make available all acquired data from the above detailed equipment at any point for the purpose of collecting engine performance data during either race or qualifying sessions and during official test sessions / Ginetta organised sessions. For this purpose, the ECU download point must remain in its standard location. The Championship Organisers reserve the right to download and access all data at any time during either race or qualifying sessions and during official test sessions / Ginetta organised sessions.

5.10.8 No additional connections may be made to the ECU whatsoever above those supplied by Ginetta.

5.10.9 A gear position indicator (Ginetta Part Number G40L0051) may also be fitted, however, this must be supplied by Ginetta Cars Ltd and bear the appropriate Ginetta branding.

5.10.10 The only additional modification that will be allowed to the data logging system will be as follows:

- (i) Wheel speed hub link loom, Part Number G40 - L0026-5
- (ii) Gear indicator loom, Part Number G40- L0051-5
- (iii) Brake pressure sensor kit, Part Numbers G40 – I0049 & LO148

The additional logger inputs must be fitted as per Ginetta guidelines.

- 5.10.11 Electronic Control Unit (ECU). The standard MBE ECU, as supplied by Ginetta Cars Ltd, must not be modified in any way, and must be used in conjunction with the loom supplied. The ECU may be exchanged or electronically interrogated at any time, on the request of the Licenced Eligibility Scrutineer. The ECU diagnostic connector must be positioned in an accessible position, allowing the scrutineer free access to it at all times.
- 5.10.12 Any competitor may be required to run additional sensors at any time. It is at the sole discretion of the championship coordinator and Licenced Eligibility Scrutineer as to which cars must run any additional sensors.
- 5.10.13 The electrical fuses and relays must be fitted in one of the following two positions:
- Battery box in passenger's foot well.
 - Bolted to the front vertical face of dashboard on passenger's side.
- 5.10.14 The 12 volt standard alternator, as supplied by Ginetta Cars must be fitted, and be one of the following two models:
- G40-E0239
 - G40-L0093
- 5.10.15 The minimum output of the alternator must remain as standard at all times.
- 5.10.16 An upgraded alternator mounting kit (Ginetta Part number G40L0059) may be used.
- 5.10.17 This kit must be supplied by Ginetta Cars, must not be modified in any way, and must not be used in conjunction with the previous method of mounting the alternator.
- 5.10.18 The starter motor must remain standard as supplied by Ginetta Cars Ltd.
- 5.10.19 Cars must be fitted with standard Ginetta front lights with clear lenses or the alternative imitation light pod with clear lenses. In the case of the imitation light pod being fitted, the standard light stickers as supplied by Ginetta must be fitted. It is not permitted to cover the light lenses with stickers or tape when using either of the configurations above.
- 5.10.20 Cars must be fitted with rear lights including LED brake lights, High level brake light, fog lights and indicators including side repeaters. Side repeaters do not have to be operational.

5.11 Cooling system

- 5.11.1 The standard layout of the cooling system must be in the location as set out by Ginetta Cars Ltd. The radiator must be of the type as supplied by Ginetta Cars Ltd (Ginetta part number GCG 0025 or G40 0017) and must remain in its location in front of the front most chassis member.
- 5.11.2 Radiator fan (Ginetta Part No. G50P0005) may be fitted.
- 5.11.3 Front under tray (Ginetta Part no. G40B0237) must be fitted at all times.
- 5.11.4 Internal bonnet top aluminium cowling (Ginetta Part no. G40B0238) may **not** be fitted at any time.
- 5.11.5 The thermostat and housing may not be replaced.

5.11.6 Unless advised and approved by Ginetta Cars Ltd, it is not permitted to channel air from the nose of the bonnet, through the radiator by means of extra cowling.

5.11.7 The size of the bonnet apertures must remain unmodified and may not be covered or taped over in any way.

5.11.8 An updated water rail with modified water temperature location may be fitted, (Ginetta part number G40 – L0132 & I0131)

5.11.9 No other modifications than those referred to above are permissible.

5.12 Brakes

5.12.1 The standard braking system as supplied by Ginetta Cars Ltd must be retained thus:

Front and rear discs: 280mm o/dia
Part Number: G40I0002

With:

Front Calipers: Alloy 4 pot callipers
Part Number: G40I0003 (left-hand) and – G40I0004 (right-hand)

Rear Calipers: Alloy 2 pot callipers
Part Number: G40I0005 (left-hand) and – G40I0006 (right-hand)

5.12.2 The front calipers may be exchanged for an upgraded part, part number G40-I0035 (Left-hand), G40-I0036 (Right-hand), these must only be used to replace the front calipers. It is not permitted to fit the original front calipers on the rear of the car.

5.12.3 Discs and Calipers must remain as supplied by Ginetta Cars. There are NO permitted modifications.

5.12.4 Brake master cylinders, as supplied by Ginetta Cars, with 0.7 inch bore size front and rear, must be retained as standard.

5.12.5 Brake mater cylinder reservoir may be relocated to the front engine brace using the replacement part No G40-A0196 only.

5.12.6 The use of the following Brake Pads and friction material is mandatory:

Front: Performance Friction 7705.11.14.54
Rear: Performance Friction 7705.11.14.54

5.12.7 Brake pads must be supplied by Ginetta Cars. In the event of an eligibility dispute, reference will be made to the brake pad manufacturer who will decide if the disputed component is authentic. If an alternative type of brake pad is made available, drivers will be notified by official bulletin.

5.12.8 Brake lines must remain as standard and in the manufacturer's layout.

5.12.9 Brake bias may only be altered using the standard balance bar supplied by Ginetta Cars Ltd.

5.12.10 It is not permitted to direct air from ducting to the braking system unless advised by Ginetta Cars Ltd as an approved system.

5.13 Suspension

5.13.1 The standard suspension components and configuration as supplied by Ginetta Cars Ltd must remain unaltered except as specified below.

5.13.2 Front and Rear anti-roll bars must remain standard as supplied by Ginetta Cars Ltd and remain in the standard locations and standard material. Anti-roll bar stiffness adjustment is free within the range provided. The operating linkage may be disconnected but not removed.

- Front anti roll bar (Ginetta part number G40C1007)
- Rear anti roll bar (Ginetta part number G40D1007)

5.13.3 The minimum ride height as measured in a vertical plane from the lowest point of the chassis rail to a level ground surface below, shall be in excess of the following:

- 90mm

5.13.4 The ride height shall always be measured directly below the front and rear axles. Diagram of chassis showing approximate position at which ride height measurements will be taken, front (F) and rear (R). (Please see the Ginetta G40 build manual for a diagram showing the ride height reference).

5.13.5 These measurements shall be applied with the driver on board, and with tyres normally inflated. If the ride height is measured at the end of an on-track session, the tyre pressures may NOT be altered prior to the ride height being checked.

5.13.6 Once a car has ended any on-track session, the tyres and / or wheels may not be interchanged for scrutineering purposes.

5.13.7 The front and rear wheel camber angle may be adjusted by means of standard size shims. The only permitted shims are those supplied by Ginetta Cars Ltd.

5.13.8 As standard, the shims are supplied in the following thicknesses:

- 2.00mm
- 3.00mm
- 5.00mm

5.13.9 The front and rear wheel camber may be adjusted to a minimum by use of a single 2.00 mm thick shim per upright.

5.13.10 The front and rear wheel toe in/out may be adjusted within standard limits and with no modification.

5.13.11 Springs. The only permitted springs are the standard ones as outlined below and supplied by Ginetta Cars. Springs are required to have legible manufacturer's identification marks to be considered to be compliant with the technical regulations.

- Front Springs: 625 lbs (Ginetta part number G40C0031)
- Rear Springs: 450 lbs (Ginetta part number G40D0012)

5.13.12 If the distinguishing marks become illegible the component may be re-authenticated providing an audit trail and compliance with the component specification can be demonstrated.

5.13.13 All cars must be fitted with front and rear dampers as supplied by Ginetta Cars, parts numbers:

G40-C0083 - Front

G40-D0039 - Rear

5.13.14 Dampers as specified and supplied by Ginetta Cars Ltd must remain to the original manufacturer's specification and be located as supplied by Ginetta Cars LTD, for example units intended for the front of the car must not be fitted to the rear and vice versa. A damper 'trace' will be issued at the start of the season, which all dampers must comply with at all times. All dampers are fitted with a hologram sticker on the top of the damper body, which must remain intact at all times.

5.13.15 The sealed damper may only be rebuilt or serviced by an official agent of Ginetta Cars Ltd.

5.13.16 The use of additional 'helper' springs and helper spring collars is mandatory on the front dampers. Only helper springs / spring collars supplied by Ginetta Cars (Part numbers G40-C0034 and G40-C0033) are permitted for use within the championship. The fitment of the helper springs on the rear dampers of the car is optional.

5.13.17 The standard track and wheelbase dimensions must be retained.

5.14 Wheels

5.14.1 The standard wheels of size 15"x7" as supplied and officially stamped by Ginetta Cars Ltd may not be modified or substituted for others.

5.14.2 The use of wheel spacers or other wheel spacing mechanism, is not permissible.

5.14.3 Wheels may be painted. However, this must be done in good taste the Championship Coordinator reserves the absolute right as to whether the colour chosen is in good taste. If in doubt, please seek prior clarification before painting your wheels.

5.14.4 Wheels which have been painted, must not weigh less than a standard wheel. Any painted wheels, found to weigh less than a standard wheel, will be subject to a technical non-compliance.

5.15 Tyres

5.15.1 The intention of these regulations is:

- (i) To contain costs by limiting the number of tyres which can be purchased on behalf of any one driver during the series.

- (ii) To limit the number of tyres used per car/driver per complete event.
- (iii) To prohibit the use of any method of raising the temperature of tyres by adding heat artificially.
- (iv) To prohibit the application of any material to alter the standard performance of the tyres.
- (iv) Any attempt whatsoever to circumvent these intentions or any fraudulent attempt to deface, re-mark, counterfeit, or otherwise circumvent the unique tyre numbering system will automatically be the subject of a report to the Clerk of the Course/Stewards.

5.15.2 The only permitted tyres for use in this Championship are MICHELIN 195 / 50-15 V Pilot Sport 3. These tyres must be supplied by Ginetta Cars or their designated tyre supplier, Protyre Motorsport. The tyres will be marked accordingly to certify that they have been supplied by Ginetta Cars or Protyre Motorsport. These tyres must remain road legal with a minimum tread depth of 1.6mm at all times, both during competition and during presentation for post-event scrutiny. This tyre will be used for both wet and dry track conditions.

5.15.3 The maximum number of dry tyres available to each car over a full championship season (i.e. 10 meetings, excluding Friday practice days) will be 40 new tyres.

5.15.4 The maximum number of tyres available to each car for use during each championship meeting, will be limited to 4 new tyres.

5.15.5 The 4 tyres allocated for use over the meeting must be “brand new” (A tyre can be deemed to be brand new if it has not had any use on a vehicle) when the car is presented for Scrutineering prior to the free practice session, on the Saturday at the start of the event. These tyres must be purchased from the designated tyre supplier on the same weekend they are due to be used, and will only be released by the designated tyre supplier to the competitors on the morning of the free practice session. It is the competitor’s responsibility to ensure the designated tyre supplier receives a set of rims in good time, to allow the tyres to be fitted prior to the tyres being released at the start of the meeting.

~~During Championship Meetings where 3 races are scheduled, it is permissible for competitors to run the 4 tyres that are to be presented for Scrutineering for the race weekend, during the second official Friday practice session. These tyres must be purchased from the designated tyre supplier on the same day they are due to be used, and be in ‘brand new’ condition at the time of going out for the second Free Practice session.~~

5.15.6 The 4 allocated tyres presented on the car at the start of the meeting must be used for all the official Ginetta Junior Free Practice, Qualifying and Races.

5.15.7 Each competitor will be allowed the use of two spare tyres for the event. These must be brand new at the start of the weekend and will be marked up as spare tyres.

5.15.8 Spare tyres may only be fitted with the express permission of the Licenced Eligibility Scrutineer or Championship Coordinator who will need to be notified when the tyres are fitted, regardless of when this occurs. The only reason a competitor may utilise a nominated spare tyre is through damage to one of the four nominated tyres.

5.15.9 Once fitted, the spare tyre must then be used for the remainder of the meeting and will not be replaced.

- 5.15.10 Spare tyres that are not used during a meeting may be carried over to the next round, however must remain in 'brand new' condition. The Eligibility Scrutineer has final say on the condition of a tyre.
- 5.15.11 Thus a total of 6 tyres must be presented at scrutineering (4 on the car, 2 spares) for registration with the Eligibility Scrutineer. Bar-coding and/or permanent paint and/or serial numbering will be used to control tyre use. It is the competitor's responsibility to ensure that all tyres are marked before use.
- 5.15.12 In very exceptional cases where, in the judgement of the Eligibility Scrutineer, damage to tyres makes further participation in the event impossible and both spare tyres have been utilised, additional tyres above the total allocation for the meeting may be purchased. However, for every additional tyre purchased, the driver will incur a five (5) championship point deduction. The amount of tyres available to purchase above the allocation will depend on the amount of tyres required to make participation possible.
- 5.15.13 The use of tyre heating equipment / heat retention devices, tyre treatments or compounds, is prohibited. Any artificial cooling of tyres is prohibited.
- 5.15.14 Bar-coding and / or permanent paint marking will be used to control tyre use. It is the competitor's responsibility to ensure that all tyres are marked before use and logged by the series coordinator and/or the Eligibility Scrutineer.
- 5.15.15 All tyres must be supplied by Ginetta Cars or their designated tyre supplier, Protyre Motorsport. Tyres will be marked accordingly to certify that they have been supplied by one of these sources.
- 5.15.16 Any tyres required for use in official qualifying, race(s) and official test days, may only be purchased:
- (i) From the approved supplier (Protyre Motorsport) or through Ginetta Cars.
 - (ii) At the time of purchase the drivers Tyre Purchase Record for the car must be submitted for inspection and allocation of tyre identification numbers.
- 5.15.17 Any attempt to modify the tread depth of the tyre above that caused by wear during the official sessions is prohibited. This includes shaving or buffing of the tyre, excessive spinning of wheels when driving around the paddock, and any other means of removing tread from the tyre.
- 5.15.18 Only the championship organisers have the authority to alter the tyre allocation. If, through force majeure, the total tyre allocation needs to be altered at any point throughout the season, drivers will be notified by way of official bulletin.
- 5.15.19 Each competitor must record on the Tyre Nomination Form, the serial numbers of the 4 new tyres which he/she intends to use in the event, plus the two spare new tyres they will have available.
- 5.15.20 The Form must be signed by the competitor and submitted to the Eligibility Scrutineer before the first timed practice. The Eligibility/Safety Scrutineer or his appointed representative will sign for receipt and return the back copy. The onus is on the driver/entrant to ensure that the completed form is deposited with the series eligibility scrutineer and appointed representative before the first official timed practice. Failure to do so will be the subject of a report to the Clerk of the Course / Stewards.

- 5.15.21 During official practice, qualifying and race(s), only tyres nominated under **5.15.12** may be kept in the pits.
- 5.15.22 During the event, checks will be made by the Eligibility / Safety Scrutineer or his appointed representative to ensure compliance between the tyres used and serial numbers recorded on the nomination form. At the end of the race all placed cars may be checked for compliance with this tyre regulation. Non-compliance at any time during the event will be the subject of a report to the Clerk of the Course / Stewards.
- 5.15.23 It is only permitted to inflate tyres with air of atmospheric composition. No other medium may be used. The Eligibility Scrutineer may request for the inflated tyres to be tested at any time to ensure that no medium, other than air of atmospheric composition, is being used.
- 5.15.24 It is not permitted to use any means to artificially raise the temperature of tyres above ambient at any time prior to or during any event, other than by the natural addition of heat resulting from permitted driving on the circuit.
- 5.15.25 Tyre warmers or any other device intended to modify or maintain tyre temperature is forbidden. Tyre warmers found at the circuit will be judged to be available for use and appropriate action will be taken.
- 5.15.26 Tyres must only be used in the standard condition as supplied by the manufacturer. The application of any material (liquid, solid or gas) to any part(s) of the tyre, is therefore forbidden. The only exceptions are the use of a mixture of pure domestic water and household detergent or the lubricant applied to the tyre bead for fitting purposes. The Championship Organisers reserve the right to take samples of tyres / tyre material at any time for laboratory analysis.
- 5.15.27 It is not permitted to remove debris / rubber pick-up from the tyre surface by the use of a tool and / or heat gun.
- 5.15.28 Any tyre protection covers used at any time within the confines of the circuit, must be of a temporary construction and must be capable of being used many times.
- 5.15.29 Pressure regulation valves are forbidden.
- 5.15.30 At the Eligibility Scrutineer discretion, the 6 tyres for the event, listed on the Tyre Nomination Form may be retained at the end of Official Practice and Race(s) until a minimum of 30 minutes prior to next time that the tyres are required to be used.

5.16 Weight

- 5.16.1 The minimum vehicle weight excluding driver is **810kg**, including driver is **910kg**. The car and driver weight is intended to include the driver suitable dressed for competition, with safety helmet and all safety equipment. It is emphasised that both these minimum weights must be respected at all times during both Qualifying and Competition. Failure to meet either or both will be considered an offence under these regulations.
- 5.16.2 The Organisers reserve the right to amend the weight limit a maximum of twice during the season. This will be done by way of an official Championship Bulletin to all competitors.

- 5.16.3 In order to meet the criteria of **5.16.1** only, it is permitted to add ballast to the car in accordance with MSA Regulation **J5.15**. Such ballast must be formed of solid unitary blocks. They must only be fixed using a ballast plate supplied by Ginetta cars (Part number G40R0032A) which is bolted to the floor of the passenger seat well in the designated area of the car. The ballast plate fixings must be able to withstand acceleration / deceleration forces of 25G.
- 5.16.4 Provision must be made for the Eligibility Scrutineer to affix seals to any ballast fitted.
- 5.16.5 Following competition, the driver must remain available with the car under Parc Fermé conditions until released by the Eligibility Scrutineer, in order to ensure weighing is completed with the minimum of delay. Drivers who are required for post race prize giving and / or media interviews, and who are directed from Parc Ferme by an official of the meeting or a Ginetta official, are permitted to leave Parc Ferme, although must return to their car after such events have taken place to ensure scrutineering is completed.
- 5.16.6 If a car loses a part during qualifying or a race, the weight of that part may be taken into account during eligibility checks. Following consultation with the Championship Coordinator, the Eligibility Scrutineer will determine whether any lost part should be taken into account.

5.17 Fuel, fuel injection and fuel tank

- 5.17.1 A standard FIA approved fuel tank as supplied by Ginetta Cars Ltd must be retained in its original position. The fuel delivery system must remain as original specification.
- 5.17.2 The standard 45 litre FIA approved fuel tank and fuel delivery system may only be substituted by alternative components that are approved and supplied by Ginetta Cars. If alternative components are to be used, these must be declared within the car's log book when the car is presented for scrutineering.
- 5.17.3 The use of a controlled unleaded fuel complying with the definition laid down in **Section B**, "Nomenclature and Definitions" Section of MSA Regulations, (Technical Definitions), and supplied by Petrochem Carless, is mandatory. Compliance with this regulation will be verified by fuel testing throughout the season.
- 5.17.4 Fuel will be deemed to be non-compliant if it is found to have a correlation factor of at least 0.9990 (99.90%)
- 5.17.5 At the end of any official practice / qualifying / races, at least 3 litres of fuel from the tank of the competing car must be available to the Eligibility Scrutineer for analysis, if required. Compliance with minimum weight for the car will be taken before fuel is removed as part of any eligibility check.
- 5.17.6 Fuel pressure must be regulated by the standard fuel pressure regulator, as supplied by Ginetta, situated in the fuel tank. The fuel pressure must be regulated, by the fuel pressure regulator, to 3.8 bar +/- 0.2 bar.

5.18 Silencing

- 5.18.1 The exhaust system as supplied by Ginetta Cars Ltd must remain as standard and may not be altered. All cars must comply with MSA Regulation **J5.17**. concerning noise levels

and it is the competitor's responsibility to ensure that the car complies with currently enforced levels.

5.18.2 Catalytic Converters. These must be fitted at all times and remain unmodified. Tests will be carried out on these during the Season.

5.19 Presentation

5.19.1 Having due regard to the best interests of the Championship Sponsors, the championship image, Ginetta Cars and of safety, competing cars are to be presented in a mechanically and visually acceptable condition. Organisers reserve the right to insist that such standards of presentation are maintained, as a condition of racing within the 2017 Ginetta Junior Championship. Individual cars may fail scrutineering if they are, as deemed by the Licenced Eligibility Scrutineer, to be of poor presentation and / or mechanically unacceptable.

5.20 Race suits

5.20.1 All competitors will be supplied with a championship-specific race suit as part of their 2017 championship full season entry fee. The championship-specific race suit must be worn at each round of the 2017 Ginetta Junior Championship during all free practice sessions, qualifying sessions and for races and must retain the original championship and trade sponsor badges. Other areas of the championship race suit may be used for competitors own sponsor badges. The Championship Coordinator reserves the right to remove any badges or branding which is deemed to be unsuitable or conflicts with other championship / Ginetta sponsors.

5.20.2 Any competitor not wearing the designated championship-specific race suit on a championship race weekend will be ineligible for points and prize money, unless prior permission has been granted by the Organisers.

5.21 Numbers and decals

5.21.1 All cars must carry championship and trade sponsor decals.

5.21.2 Each car must carry championship decals as per the figure in **Appendix C**. Competitors will be supplied with three number squares incorporating the major sponsors logos. One must be affixed to each side of the car, in the position normally occupied by the doors. The third must be located to the front / top aspect of the car so as to be clearly visible. Competition numbers must be affixed to these squares and to the front / top aspect of the car so as to be clearly visible.

5.21.3 It is also necessary for all competitors to carry an additional number placed on the passenger-side of the windscreen. These must be as supplied by Ginetta cars.

5.21.4 All cars must carry their official Championship race number in all sessions during the race weekend, including the official Friday test sessions.

5.21.5 Ginetta Cars may request at any point that additional championship / trade sponsor decals are carried on cars. This will be done by way of an official championship bulletin.

The championship organisers reserve the right to remove any decals or branding which is deemed to be unsuitable or conflicts with other championship / Ginetta sponsors.

5.21.6 Failure to comply with Regulations **5.21.1** or **5.21.2** will not be subject to a technical non-compliance but will be liable to penalty under the Commercial Regulations for the Championship.

6 COMMERCIAL REGULATIONS

- 6.1.1 The following Commercial Regulations are “contractual” between the Entrant and / or Driver and the Organisers and / or Promoters and are not considered by the MSA. Accordingly, the application of these Commercial Regulations by the Organisers and / or Promoters will not be subject to the Judicial processes of either the Championship Stewards and / or the MSA / MSC.

6.2 Commercial Undertakings

- 6.2.1 The Race Meetings comprising the Championship shall be conducted in accordance with the Regulations and these Commercial Undertakings.
- 6.2.2 In these Commercial Undertakings the nomenclature definitions and abbreviations specified in the General Regulations of the MSA and in the Sporting Regulations shall be adopted.
- 6.2.3 The Coordinator has the right to amend, vary or add to the Commercial Undertakings from time to time. Such amendments, variations, and additions shall be notified by bulletin to all registered competitors by posting to the address detailed on the Championship Registration Form, or sending to the e-mail address detailed on the Registration Form or faxing to the fax number detailed on the Registration Form, or delivery to the competitor by hand.
- 6.2.4 All competitors, teams, and team members agree to be bound by the Commercial Undertakings and any additions, variations or amendments thereto and to procure compliance by persons associated with them.

6.3 Penalties

- 6.3.1 **WARNING:** The terms of the Commercial Undertakings are fundamental to the contract between TOCA, Ginetta Cars and the competitor and the team respectively. A breach of any of the Commercial Undertakings may render the competitor and / or the team ineligible for competition and participation in this Championship will be entirely at the discretion of the Coordinator. The Coordinator as an alternative and/or in addition to excluding the competitor and the team from the Championship may impose any one or more of the following penalties as a condition of continued participation in the Championship:
- 6.3.1.1 Reprimand, which may include forfeiture of a qualifying time or times
- 6.3.1.2 Time penalty,
- 6.3.1.3 Exclusion
- 6.3.1.4 Forfeiture of Championship points (even if this results in a minus total of points)
- 6.3.2 In addition or in lieu of any such penalty the Coordinator may require the competitor and/or team to take such steps as may be reasonable to mitigate the damage to the reputation of the Championship.

- 6.3.3 A breach of any of the Commercial Undertakings may also result in a fine, up to a maximum of £1,000 for each offence, being imposed by the BTCC Coordinator or the Championship Coordinator. Championship registration will be temporarily suspended until such payment has been received. A serious or continual breach of any of the Commercial Undertakings may render the Entrant/Driver ineligible for competition, in which case, participation in the Championship by that Entrant / Driver will be entirely at the discretion of the BTCC Coordinator and the Championship Coordinator.
- 6.3.4 In the case of an alleged breach of any Commercial Undertaking the decision of the Coordinator is final as to the culpability and penalty and there is no appeal to the MSC National Court. Continued future participation in the Championship may not be permitted until any fine imposed pursuant to these Commercial Undertakings is paid in full.
- 6.3.5 Where in the opinion of the Coordinator any Competitor(s) and / or Team(s) has gained an unfair advantage (whether inadvertently or not) from a breach of the Commercial Undertakings by its own actions or those of another Competitor or Team the Coordinator may impose any one or more of the penalties set out in Commercial Undertaking 6.3.1 above in order to remove or otherwise compensate for such advantage.
- 6.3.6 All cars must have a transponder fitted and working for any Friday practice session immediately prior to race weekends. Any competitor running without a transponder during an official test session will have championship points deducted. 5 championship points will be deducted for each test session that a driver fails to fit a working transponder.
- 6.3.7 It will be at the decision of the Championship Coordinator and Clerk of the Course as to whether or not a driver is penalised. Any evidence may be used to determine whether or not a working transponder has been fitted, including information / data from the official timekeepers.

6.4 Television

- 6.4.1 By entering the Ginetta Junior Championship, competitors, entrants and teams are obliged to assist TOCA and Ginetta Cars Ltd in the promotion of the Championship and in particular, the television coverage:
- 6.4.2 All competitors, entrants and teams are obliged to assist the TOCA nominated TV Production Company in the filming of Championship events and activities through the granting of interviews when requested and any other reasonable requests of the TV Production Company or the Coordinator.
- 6.4.3 Without prejudice to the generality of **6.4.1** drivers finishing first, second and third in the Drivers' Championship must make themselves available immediately after each Qualifying session, Race and/or the prize giving ceremony for any media interviews in accordance with the requirements and directions of the Coordinator.
- 6.4.4 All cars must carry an in-car camera or on-board camera during testing, free practice, official qualifying sessions and/or the races at the request of the TV Production Company or the Coordinator, and all cars must carry a Championship on-board Judicial camera (See regulation **3.21**).
- 6.4.5 Footage from any camera used by competitors or teams cannot be used for commercial exploitation or public broadcast. Any footage produced in breach of this Regulation will

forthwith upon request be delivered up to the Coordinator in addition to any penalty imposed.

- 6.4.6 Any competitor and/or anyone connected with a competitor is prohibited from trying to influence the editorial decisions of the TV Production Company in connection with the Championship as it is shown on television or of otherwise interfering with television coverage.
- 6.4.7 The decision as to which car is to carry an on-board camera and/or an in-car camera rests solely with the TV Production Company, Ginetta Cars and the Coordinator whose decision shall be final.
- 6.4.8 Each team is permitted to install its own brackets to incorporate an in-car camera subject to the prior approval of the Championship Scrutineer and the nominated TV Production Company.
- 6.4.9 The TOCA nominated TV Production Company shall have unrestricted access to any video footage captured by the drivers and / or teams or their associates and may incorporate any such material in its coverage of the Championship.
- 6.4.10 All footage obtained or recorded by the TOCA Nominated TV Production Company of the Championship belongs to TOCA and / or the TOCA nominated TV Production Company and all competitors, entrants and teams and their associates consent to their images being used by TOCA (and those authorised by it) for promoting the Championship and merchandise associated with the Championship.

6.5 Advertising

- 6.5.1 No advertising of tobacco or tobacco products is permitted in any shape or form in this Championship. Additionally, any products that are not permitted to be advertised on UK television are also prohibited, along with any products that have an age restriction of above 16. The Coordinator reserves the right to censor any advertising that may, at the absolute discretion of the Coordinator, be deemed to be unsuitable. Any car or driver considered by the Coordinator, in his/her absolute discretion, to be exhibiting unsuitable advertising may be excluded by the Coordinator from any Round of the Championship.

6.6 Publicity

- 6.6.1 At all Championship Meetings, Drivers, wearing their driving overalls, must take part in any autograph session, paddock walkabout and pre-race parade, when requested by the Championship Coordinator.
- 6.6.2 All drivers who qualify for an award shall attend the podium ceremony and any post-race televised interviews wearing their race winners caps to be provided by Ginetta Cars. Failure to attend the podium ceremony or failure to attend correctly attired may result in a fine being imposed by the Coordinator.
- 6.6.3 In signing the Championship Registration Form, competitors, entrants and teams agree that TOCA (and those authorised by it) and Ginetta Cars Ltd may make use of his/her/its activities and successes in motor sport for any advertising, publicity, public relations and merchandising purposes. The competitors, entrants and teams also agree that in any advertising or promotion with which he/she/it is associated (relating to the

Championship), the full title of the Championship (including the Championship sponsors name) will be used at all times.

6.7 Merchandising

- 6.7.1 The competitor, entrant and team hereby authorise TOCA and Ginetta Cars Ltd to use and reuse and licence the use of images and representations of the vehicles competing in the Championship and the name, images and representations of the driver, the team, the team logo and team paraphernalia including (insofar as the same appear on the clothing worn by the competitor or on team paraphernalia or on the cars driven by the competitor in the Championship) the logo and decals of all sponsors of the competitor and/or entrant for the purposes of producing merchandise exploiting the reputation of the Championship and all elements of the Championship.
- 6.7.2 The competitor, entrant and team authorise TOCA and Ginetta Cars Ltd to use and licence others to use all Championship images and other material relating to the Championship in marketing and packaging material and commercial advertisements exploiting the Championship or merchandise of the Championship or any individual elements of the Championship.
- 6.7.3 The competitor, entrant and team shall assist Ginetta Cars Ltd, TOCA and those authorised by it with the promotion of the Championship and production and promotion of merchandise associated with the Championship.

6.8 Meeting Arrangements

- 6.8.1 Throughout the course of the Championship, the Coordinator may inspect all race transporters and motorhomes to ensure that they are of smart appearance and in good order. The Coordinator may refuse to issue a Paddock vehicle pass to any vehicle that he/she deems to be unsuitable for display within the Paddock.
- 6.8.2 At the start of each Meeting, practice session and race, the competing cars and all team vehicles must be clean, of smart appearance, and in good order. The Coordinator reserves the right to suspend competitors not meeting this requirement from taking further part in the Championship and withdraw passes until this Regulation is fulfilled to his/her satisfaction.
- 6.8.3 Any team considered by the Coordinator, in his/her absolute discretion, to be exhibiting unsuitable advertising may be asked to withdraw it immediately.
- 6.8.4 Any pipes, wires or cables trailing from motorhomes and/or transporters and/or generators must be protected by hard covers where they will be crossed by vehicles or pedestrians. All health and safety requirements must be met at all times and warning signs must be erected where there is any danger to the public or other persons.

6.9 TOCA Passes

- 6.9.1 Permanent passes will be issued to each registered Ginetta Junior competitor for his/her sole use and these will be valid for every round of the Championship. Each competitor shall be given the following number of passes:

5 x Pit Lane Access Passes
5 x Paddock passes

- 2 x Private car passes
- 1 x Transporter Pass

- 6.9.2 Please note that these passes are issued in accordance with Commercial Undertaking 6.10 with respect to team transport.
- 6.9.3 TOCA passes will be issued to each registered Entrant/Driver for his/her sole use and these will be valid for every round of the Championship.
- 6.9.4 TOCA passes are issued on condition that the person or organisation to whom they are issued waives any and all claims it may have now or in the future and releases from all liabilities and agrees not to take any legal action and to always hold harmless, BARC (TOCA) Ltd and their employees, agents and representatives and servants, the MSA, the Race Organisers, the Promoters, the Venue Owner, the Championship Coordinator, any participating team and all employees, agents, servants and contractors thereof for any personal injury, death, damage or loss of any kind that the pass holder may sustain as a result of or in connection with the pass holder's presence within the venue. This indemnity does not apply insofar as injury or death is caused as a result of the negligence of the party seeking an indemnity.
- 6.9.5 Entrants/Drivers will be required to sign for receipt of their TOCA passes. By accepting the issue of these passes, the Entrant/Driver is deemed to agree to abide by the pass conditions and to undertake the obligation to advise each person to whom they are issued of the pass conditions and to ensure the observance thereof.
- 6.9.6 TOCA passes are issued subject to the following conditions:
- (i) A TOCA pass may only be used to gain access to the areas indicated on the face of the pass. Any person found within a restricted area without the appropriate pass may be removed from the venue immediately and/or have any pass held by them withdrawn (without prejudice to any other remedy TOCA may have under the terms of Regulation 6.3.),
 - (ii) A TOCA pass may only be used by the Entrant/Driver to whom it is specifically issued. It is forbidden to alter or deface passes in any way or to allow a pass to be used to authorise the entry of more than one person at each Event,
 - (iii) TOCA passes must not be removed from their official lanyards and must be worn around the neck of the person to whom it is issued so as to remain clearly visible at all times. It is forbidden to combine with or enclose a TOCA pass within a wallet or holder of any kind (unless supplied by TOCA or the Championship Organisers) or to attach additional items of any kind to it,
 - (iv) TOCA reserves the right to request further proof of identity in addition to a TOCA pass,
 - (v) TOCA at all times reserves the right to refuse admission to the venue or access to a designated area to any person, notwithstanding that such person may have been issued with an appropriate TOCA pass.
- 6.9.7 TOCA passes remain at all times the property of TOCA and may be issued, altered or withdrawn at any time at the absolute discretion of the BTCC Coordinator in conjunction with the Championship Coordinator. Passes that have been withdrawn will not, unless under exceptional circumstances, be returned to the person to whom they were originally issued.

- 6.9.8 TOCA, in conjunction with the Championship Coordinator, reserves the right to remove immediately from the venue any person who is found to have violated the pass conditions contained in these Commercial Undertakings and/or to withdraw permanently a TOCA pass issued to such person and/or to take or institute legal proceedings against that person.
- 6.9.9 All registered Entrants/Drivers are fully liable for any personnel and vehicle passes issued to them by TOCA and/or received on the Entrant's/Driver's behalf. The misuse of any passes allocated to an Entrant/Driver will result (without prejudice to any other action which may be taken by TOCA under the terms of these Commercial Undertakings) in TOCA imposing a fine of £1,000 for each act of misuse of the pass together with the confiscation of the pass concerned for such period of time as the Coordinator shall deem appropriate.
- 6.9.10 If a Championship registration is withdrawn/forfeited, all passes issued in connection with that registration must be returned to the Championship Coordinator. Any lost/mislaid passes will be subject to a penalty of £25.00 per pass multiplied by the number of remaining rounds.
- 6.9.11 TOCA passes will not be replaced if they are lost/mislaid unless they have been stolen and a copy of the police report relating to that offence is submitted to the BTCC Administration Office.
- 6.9.12 Each Entrant/Driver must also attend this Ginetta Media Day with their intended Paddock vehicle for the 2017 season and erect their awning (if applicable) for measurement by the BTCC Paddock Team. Passes will not be issued until the plot size has been measured and agreed by TOCA.

6.10 Paddock Regulations

- 6.10.1 The amount of space requested on each Vehicle/Staff Information Sheet will not necessarily be the space granted to an Entrant by BTCC, who will assess individual requirements at a Championship official pre-season test day in accordance with Regulation 6.9.12, the date of which will be advised in a Championship Newsletter/Bulletin.
- 6.10.2 Each team will be permitted one transporter and awning to be parked in their designated Paddock area. Any Entrant requiring an additional awning must make a request in writing to the Championship Coordinator prior to the first Event. Only Entrants running more than four cars will be permitted an additional awning. Entrants running three or more cars may be permitted additional space for a Support Vehicle/flat patch. Awnings are not permitted on Support Vehicles. Please refer to Regulation 3.20.6 regarding the mandatory provision of fire extinguishers.
- 6.10.3 Any amendment to the vehicle and/or awning size required must be notified to the BTCC Paddock Team for their approval prior to use.
- 6.10.4 The space allocated by BTCC is granted for the preparation of race cars and team catering. It is expressly forbidden to use this space as a hospitality area or trade site area.

- 6.10.5 Motorhomes/caravans and private cars are not permitted within the Paddock at any venue unless in exceptional circumstances and with the prior written approval of the BTCC Coordinator.
- 6.10.6 No hospitality/entertaining will be allowed by Entrants/Drivers within the Paddock. Teams may use an area at the rear of their awning specifically for team catering only.
- 6.10.7 Only small four-wheeled motorised Paddock vehicles which are authorised by TOCA may be used within the Paddock. These vehicles may only be used during authorised times and when driven by a current full road traffic licence holder for race team related business. Recreational use is strictly prohibited. For the avoidance of doubt all two-wheeled transport is banned from the Paddock. Please note that private cars and vans are not considered as Paddock vehicles. Motorised Paddock vehicles may only be used within the venue during the period from 2 (two) hours prior to the first scheduled track activity until 1 (one) hour after the last track activity on each day of the Event, including the Paddock set-up day. There is a total ban on their use outside these times.
- 6.10.8 There is a speed limit of 10mph in the Paddock at each venue. The only movement of race cars permitted in the Paddock is on the way to the Assembly Area and on the way back from Parc Fermé with a current full road traffic licence holder seated in the Driver's position and in control of the car.
- 6.10.9 Tailgates on transporters must remain closed at all times except when loading and/or unloading your race cars.
- 6.10.10 Entrants/Drivers will be issued with a specific time to park up their race transporters in the Paddock at each Event. Access to the Paddock outside your parking-up time is forbidden, unless the express written permission of your Championship Coordinator (after consultation with the BTCC Coordinator) has been obtained to park up at a different time. Verbal permission from circuit employees will not be accepted.
- 6.10.11 When a race transporter is parked in position in the Paddock at an Event it is expressly forbidden to remove it from its Paddock space until after the start of the third BTCC race of an Event, unless the express permission of the BTCC Coordinator or his appointed representative has been obtained to remove it earlier. Awnings may not be dismantled until after the start of the second BTCC race of an Event.
- 6.10.12 Hard covers should protect any pipes, wires or cables trailing from motorhomes, transporters and/or generators where they will be crossed by pedestrians and/or vehicles.
- 6.10.13 All health and safety regulations as well as any such directives issued by the Championship and/or the venue must be met at all times.
- 6.10.14 It is an offence for any person to ride or drive any motor vehicle on the roads or other public areas under the control of the venue promoters unless they are covered by third party insurance. It is a condition of registration that such insurance is in place. A copy of the policy must be lodged with the Championship Coordinator before the first Event of the season.
- 6.10.15 The competitors Entry fee does not cover the provision of generator power to private motorhomes, caravans or suchlike during an event. Generator power can be provided for such use via TOCA's Official Power Supplier - provided that competitors book this at

least 7 days in advance of each event to warrant a separate generator for such use being provided.

Any competitor, or any person or entity associated with a competitor, connecting to the TOCA Official Power Supplier's generators without pre-booking or paying upon demand will be immediately disconnected and fined a minimum of £100.

6.10.16 A fine of a minimum of £500 may be levied for any infringement of Paddock Regulations contained in these Commercial Undertakings at the absolute discretion of the BTCC Coordinator or the Championship Coordinator. Each registered Entrant/Driver is responsible for the payment of fines incurred by all vehicles entering the Paddock/Pits on their behalf. The decision of the BTCC Coordinator or the Championship Coordinator in respect of this additional penalty shall be final with no appeal to the MSC National Court.

6.11 Timetable Regulations

6.11.1 Should any Championship have less than 15 (fifteen) registered Drivers at an Event then BTCC reserves the right to re-schedule their race either first or last on the race day timetable at the next Event.

6.11.2 BTCC reserves the right to amend the race day timetable at its discretion.

6.11.3 Entrants/Drivers should listen carefully to the Paddock tannoy announcements and their Championship Coordinator regarding the time they are required in the Assembly Area. In ideal conditions the timetable may be brought forward and Entrants/Drivers may be called to the Assembly Area earlier than originally scheduled. Entrants/Drivers are warned that they will miss their qualifying session or race if they are not ready in the Assembly Area when the cars are released.

6.12 Radios

6.12.1 It is not permitted to use any form of pit to car communication systems during any Free Practice, Qualifying and races at any event during the Saturday and Sunday. Systems will be permitted during Friday free practice, and Ginetta exclusive test days, but all equipment must be removed for Qualifying and races.

6.12.2 Radio frequencies used by an Entrant/Driver, team member, and/or any of their suppliers must be licensed for use in the UK by the appropriate regional office of the Radiocommunications Agency. The BTCC Coordinator must be notified prior to the start of the season of the Radio Frequency to be used by the Entrant/Driver, team members, and/or any of their suppliers. A copy of the Licence or Short Term Hire Agreement for the frequency must also be submitted. The BTCC Coordinator reserves the right to request production of the original Licence/Short Term Hire documentation to verify the use of any frequency by an Entrant/Driver, team member, and/or any of their suppliers at any time during the season.

6.12.3 The Entrant/Driver, team member, and/or any of their suppliers must at all times comply with the terms and conditions specified from time to time by the Radiocommunications Agency for the use of their radio frequency.

6.12.4 In the event that a frequency used by an Entrant/Driver, team member, and/or any of their suppliers interferes with a frequency used by a local emergency service or other third party the Entrant/Driver, team member, and/or supplier shall forthwith change its

radio frequency to a non-conflicting frequency to the satisfaction of the BTCC Coordinator and in accordance with the requirements and prior approval of the Radiocommunications Agency. The Entrant/Driver, team member, and/or any of their suppliers will be suspended from any on track sessions until a change of frequency has been effected and a copy of the approval of the Radiocommunication Agency submitted to the BTCC Coordinator.

6.12.5 If an Entrant/Driver, team member, and/or any of their suppliers wish to change their frequency they must first obtain approval from the Radiocommunications Agency and submit a copy of such approval to the BTCC Coordinator.

6.12.6 It is not permitted to scramble radio speech transmissions or encode them in any way.

6.13 Miscellaneous

6.13.1 Competitors, entrants, teams and officials may not either individually or with any such participants or through any representative or agent, procure, solicit or arrange for any supplies, gratuities, products, merchandise, equipment or any other thing of value to be provided from any source whatsoever bearing or depicting any Championship logo and/or any trademark and/or any copyright and/or any image used or associated with the Championship without the prior written permission of the Coordinator to do so.

6.13.2 All filming is forbidden and any exceptions should be applied for to the championship coordinator.

6.13.3 All images, photographs, recordings or representations of the participation in the Championship or association with the Championship of competitors, entrants and teams may only be used for commercial purposes with the prior written consent of the Coordinator. No consent is required for normal media reporting of the Championship.

6.13.4 All the broadcast, recording, cable, satellite, digital, video, internet and interactive rights and other rights in all media to the Championship and other related events are the sole property of TOCA. Any recording or broadcast of the Championship and other related events or, rebroadcast or reproduction of material without express written permission of the Coordinator is strictly prohibited. competitors, entrants and teams currently registered in the Championship may, subject to the prior written permission of the Coordinator and subject to any conditions that he may impose at his/her absolute discretion, be granted rights to use broadcast material for their own specific promotional use within the UK without fee or charge. Rights requested for any other commercial use must be made in writing to the Coordinator and if granted will be subject to Licence which may include a fee or charge.

6.13.5 All prizes detailed in regulation **1.8** will only be issued to Competitors whose accounts with Ginetta Cars are up to date as at close of business on 30 November following the race season. Any Competitor whose accounts are not up to date as of close of business on 30 November following the race season relinquishes all rights to prizes.

6.13.6 Ginetta Parts Credit may be exchanged for parts only as supplied by Ginetta Cars. For the avoidance of doubt, Parts Credit cannot be used against entry fees, labour costs, lease costs or vehicle acquisition payments. Parts Credit must be redeemed within a 12 month period of being issued to the driver.

6.13.7 Parts Credit must be used by the driver it has been issued to and is non-transferable. All free entry prizes are for the driver in receipt of the prize and are non-transferable.

6.14 Championship Livery

6.14.1 Approved Ginetta Championship stickers must be fixed to each competing car. Please see regulation **5.21** for further details.

6.14.2 Each driver must wear the approved Ginetta Championship race suit which includes approved championship badges, unless permission has been granted from the Championship Coordinator to use an alternative. The championship organisers reserve the right to remove any badges or branding which is deemed to be unsuitable or conflicts with other championship / Ginetta sponsors.

6.15 Team Filming / Footage

6.15.1 Teams may only undertake their own 'behind the scenes' filming, providing written permission - clarifying what content you wish to film & where you intend to use it (i.e. team website etc.) – is first be obtained from;

Ashley Gallagher, GINETTA CHAMPIONSHIP COORDINATOR
Alan Gow, BTCC SERIES DIRECTOR
David Francis, ITV SPORT BTCC DIRECTOR

6.15.2 Media Accreditation, via the team, must also be applied for from Dan Mayo (danjmayo@me.com), stating the intention of the person or crew to film video footage, not stills photography.

6.15.3 If approved final accreditation for each event must be applied for by the filming team, directly through each circuit. This includes the requirement to sign on with the circuit at each event.
They will issue you with a bib, which **MUST BE WORN WHEN FILMING** or the camera operator will be ejected from the circuit.

6.15.4 **ABSOLUTELY NO FILMING IS ALLOWED IN THE PIT-LANE, THE GRID, PARC-FERME, ASSEMBLY AREA or TOCA TECHNICAL AREA. YOU ARE NOT PERMITTED TO FILM ANY PART OF THE RACES OR ANY MOVING RACE CARS - AT ANY TIME, OR FROM ANY LOCATION.**

6.15.5 Teams will be permitted to film in and around the garages, paddock areas, spectator and trade areas, transporters, hospitality & motor homes. Garage filming must only be from within the garage, not from the pit-lane looking in.

6.15.6 Film crews must remain cognisant of the ITV crew, who have priority at all times.

6.15.7 Film crews may film the podium but only from behind the ITV crew and not obscure or hinder ITV's filming of the podium.

6.15.8 A positive image of the BTCC/Ginetta and its competitors, sponsors and officials must be portrayed at all times. TOCA and ITV reserve the right to immediately withdraw any permission granted, should they deem it preferable and/or necessary to do so.

6.15.9 Any filming or material obtained that goes outside these guidelines will result in the immediate withdrawal of any further permissions to the team for the rest of the season.

ON-BOARD FOOTAGE

6.15.10 Teams may use short clips of footage (up to 2 minutes in total) taken from the Judicial Cameras in Free Practice 1 or 2, on the following terms;

6.15.11 A complete lap cannot be shown - it must be interspersed with other angles or footage. No more than 30 seconds of continuous footage at any one time can be used.

6.15.12 Any on-board footage containing vision or sound of anything out of the ordinary, negative or untoward - particularly regarding another competitor - cannot be used (e.g. another car spinning off, or having an incident or mechanical failure etc).

ITV FOOTAGE REQUESTS

6.15.13 Requests for internet/sponsor (non broadcast) use:

Written permission to obtain ITV footage needs to be sought from;

Ashley Gallagher, GINETTA CHAMPIONSHIP COORDINATOR
Alan Gow, BTCC SERIES DIRECTOR
David Francis, ITV SPORT BTCC DIRECTOR

6.15.14 For ITV footage to be shown on a dedicated Ginetta driver or teams official website or affiliated YouTube/media channel, or to be shown at a team or sponsor function etc, the following rules apply:

6.15.15 ITV has exclusive UK broadcast rights on all race footage for 7 days after each event. From the eighth day following each event (usually a Monday), drivers and teams are then allowed to use short (up to 5 minute) clips of ITV race footage on their sites, free of any rights fee. However, technical fees will apply as outlined in this document.

6.15.16 No Ginetta/ITV footage can be broadcast on random 'YouTube' or suchlike Internet sites, but can be broadcast on your individual dedicated team/driver/sponsor website or official YouTube site.

6.15.17 Footage supplied by ITV must have the ITV Sport graphic 'bug' applied on any use. The graphic bug will be supplied along with the footage and must be used top left or right as appropriate, throughout the use of the ITV footage.

6.15.18 Requests for television broadcast use:

6.15.19 Written requests must be made to;

Ashley Gallagher, GINETTA CHAMPIONSHIP COORDINATOR
Alan Gow, BTCC SERIES DIRECTOR
David Francis, ITV SPORT BTCC DIRECTOR

6.15.20 ITV has exclusive UK broadcast rights on all race footage, in all media, for 7 days after each event.

- 6.15.21 From the 8th day following the event (usually a Monday);
- 6.15.22 Footage to be broadcast on any UK & Eire television broadcast companies (i.e BBC, SKY, CHANNEL 5 etc) or any other medium must not be used without explicit agreement from Alan Gow and ITV. Rights clearance will need to be obtained from ITV (paul.Johnson2@ITV.com) and a rights-fee will also apply.
- 6.15.23 Footage to be broadcast on any medium outside of the UK & Eire, must first obtain rights clearance from Alan Gow. However, the actual footage must still be acquired from ITV.

HOW TO OBTAIN ITV MATERIAL & TRANSFER COSTS:

- 6.15.24 Written permission needs to be provided to David Francis at ITV and Steve Knee at Cloubass.
- 6.15.25 You can then obtain Ginetta Junior footage from ITV Sport via Cloubass (their media provider).
- 6.15.26 There is a charge of £200 per 'session' to cover their time and costs in accessing/transferring the archive and fielding requests. This 'session' reasonably covers the quantity of footage from two TOCA events – up to 1TB which is equivalent to 1000mins in some codec's. However, requests made at the end of the season for footage from the entire season will be charged as ten separate sessions, i.e. £2000 for a whole season's worth of footage.
- 6.15.27 Cloubass will need a 'drive' to put the footage on. They can supply a 1TB drive for £100, which you then keep. Alternatively you can either send them (at your cost) a blank drive of suitable size ready for use (minimum 1 TB and free of other material), or hand-over your drive in person to a member of Cloubass at the TV compound on Friday or Saturday of a BTCC event only with prior warning. If you intend to hand-over a drive at an event, you must let David Francis know - via email – by the close of business on the Thursday preceding an event.
- 6.15.28 Footage will be transferred in the days following a race weekend with the aim to send out drives on the Wednesday. There is a charge of £10 p&p to post out your drive from Cloubass, or you can arrange to collect from Steve Knee at Cloubass (address as below) from Wednesday afternoon onwards. All costs are plus VAT.
- 6.15.29 Footage will only be released once ITV have written permission from Alan Gow.
- 6.15.30 Along with the footage on the drive will be an ITV Sport graphic 'bug' - this must be used top left or right as appropriate over the images & throughout the use of the ITV footage.

Steve Knee, MD Cloubass. (sk@cloubass.com)
Cloubass, Unit 1, Bradley Park, High Holborn Road, Ripley. DE5 3NW
T: +44 (0) 1773 744485

The use of any ITV Sport footage is always subject to the following:

1. Written permissions (by email) as detailed above.
2. Footage must be acquired directly from ITV and not filmed or downloaded from a TV screen or illegal feed of the ITV or any other programme.

ITV Sport on-screen logo and all graphics must always remain.

6.15.31 No digital alterations or enhancements of ITV footage is permitted; for example to mask or pixilate signage or graphics etc.

6.16 Testing

6.16.1 Unless permitted by the Championship Coordinator, testing for Simpson Race Product Ginetta Junior Competitors is strictly controlled by the following restrictions:

6.16.2 Testing after the last race of the 2016 Championship is unrestricted until the Ginetta Media day taking place at Brands Hatch on Tuesday 22nd March 2017.

6.16.3 After the 22nd March 2017, testing will only be permitted at venues that host a meeting of the 2017 Championship after the meeting has taken place, with the exception of the following official Ginetta Test Days:

Date	Circuit
14 th April 2017	Donington Park
31 May 2017	Croft
12 th July 2017	Snetterton
09 th August 2017	Knockhill
14 th September 2017	Silverstone National

6.16.4 Additional to the Ginetta exclusive test days detailed in 6.16.3, competitors can nominate one additional test day at the Championship venue prior to the race meeting. These nominations must be lodged with the Coordinator in writing at least one week prior to the test taking place.

6.16.5 Testing is unrestricted at non-Championship venues, and Championship venues after the race meeting has taken place.

6.16.6 Breach of the testing regulations will result in the following penalties being applied to the competitor:

6.16.7 (i) loss of 100 Championship points

6.16.8 (ii) £5,000 fine

6.16.9 Ginetta reserves the right to attend all such tests.

6.17 Breach of Commercial Regulations

6.17.1 A breach of any of the Commercial Undertakings may result in a fine, up to a maximum of £1,000 for each offence, being imposed by the BTCC Coordinator or the

Championship Coordinator. Championship registration will be temporarily suspended until such payment has been received.

- 6.17.2 A serious or continual breach of any of the Commercial Undertakings may render the Entrant/Driver ineligible for competition, in which case participation in the Championship by that Entrant/Driver will be entirely at the discretion of the BTCC Coordinator and the Championship Coordinator.
