

These are the Target Times for the Shootout awards of £100, £50 and £25 for the highest points scorers on both Saturday and Sunday. Points are awarded in the same way as the Harewood Championship scoring system – for every 0.01 of a second that you are under your Class Target Time you receive 0.01 points, the highest points score on each day is the winner! Target times are calculated from existing bogey times and class records.
