1.6 SCRUTINEERING & ELIGIBILITY:

In accordance with Motorsport UK Yearbook Regulation Q.11.2 not all cars will be scrutineered at this event. Any driver with new racewear must present this to be scrutineered. Any car that required remedial work at its last event must present the car to scrutineering. Please present your vehicle / equipment to the scrutineering bay at the time prescribed below if you are required to be scrutineered for any of the reasons above. All vehicles and driver equipment will be examined at the times indicated in the table below. These are also included in the timetable in Section 4. Video equipment may be fitted to a vehicle provided it is not intended to be used for commercial purposes. Any video equipment intended to be used whilst a vehicle is on track, must be fitted to that vehicle at the time that the vehicle is presented for scrutineering. Failure to do so may mean that the camera is removed. The fitting of video cameras to helmets is strictly forbidden. The only exception is for FIA approved helmets with cameras specifically mounted in them. The technical scrutineers shall have the sole authority to accept or reject a helmet. Competitors, please note that as per Q11.3.1, mobile phone or tablet devices are prohibited from being carried in the competing vehicle whilst on circuit. Anyone observed acting contrary to this rule may be subject to judicial action by the Clerk of the Course. Scrutineering will be available from Scrutineering Times:

2CV Parts Citroen 2 CV Championship	09.50
Scottish Hot Hatch Championship Incorporating the Scottish Fiesta ST Cup & the Scottish C1 Cup	10.20
CNC Heads Sports/Saloons	10.50

1.8 CIRCUIT ACCESS PROCEDURE

Scottish Legends Championship: vehicles will be released from the pit lane directly onto the circuit for the start of their session.

All other sessions vehicles will be released from the Assembly Area.

At the end of all practice, qualifying and races, vehicles will take the chequered flag and continue on a slowing down lap, do not overtake cars in front of you and leave the circuit via the PIT LANE.

1.9 MAXIMUM STARTERS:

The maximum starters at Croft Circuit is. Racing & Sports Racing Cars over 2000cc 28 Racing & Sports Racing Cars up to 2000cc 32 All Other Classes 40.

1.10 START PROCEDURE

Standing Start Procedure: All drivers must proceed to the assembly area 15 minutes before the scheduled start time of their race or when called by marshals or paddock announcements. Pre-gridding and the 1-minute and 30-second countdown will take place in the Assembly Area, following which drivers will be released onto the circuit at the discretion of the Clerk of the Course, cars will then proceed on a full lap to the Grid. This will constitute the 'green flag lap'. Should there be a change in weather conditions that would necessitate an additional green flag/formation lap, the race duration will commence once the last car starts the additional green flag/formation lap. Please make sure you know which line on the grid to stop at. Upon arrival at the Grid, drivers should take up their positions quickly. As soon as the last car is in position, the 5-second board will be displayed before the red lights are shown. Between 3 and 5 seconds later, the red lights will be extinguished, denoting the start of the race.

Rolling Start: The Scottish Legends which will have a rolling start competitors should assemble at the bottom of the Pit Lane when instructed. Drivers will be released onto the circuit behind a Pace Car for a green flag lap and then into the start procedure. The Pace Car will turn off its yellow flashing lights and turn into the Pit Lane if clear. Competing cars must then hold their position and speed as the front row of the grid approaches the start line. The red lights on the starting gantry will be extinguished, denoting the start of the race, but there is no overtaking or changing of direction for any cars before crossing the start line. Any vehicle which falls more than six car lengths behind the row in front during the Pace Car Lap(s), thus being judged as penalising all following cars at the start line, will be subject to a penalty unless it is the result of a mechanical problem in which case the driver should raise an arm. Under these circumstances, the following cars may overtake that car before the start line. Any infringements of the race start procedure may result in a time penalty of up to 60 seconds. Should circumstances at the event change, such as but not restricted to Track Conditions or Weather, the Clerk of the Course may change Standing Starts to Rolling Starts. When this decision is made, all affected competitors will be notified at the earliest opportunity and advised of the number of Pace laps. The procedure will be (unless otherwise instructed): Cars will be released from the assembly to do one (or more) rolling laps behind the Pace Car, forming into their grid positions towards the end of the lap in preparation for the Pace Car to turn off its lights and pull into the Pit Lane after which drivers should hold their grid positions until the red lights are extinguished at the Start line. There must be no overtaking until your car has crossed the start line.

1.11 RESULTS & NOTICE BOARD:

All time sheets, grids and results are deemed to be provisional until the conclusion of all judicial actions. Results will be available on the SMART Timekeeping Website smart-timing.co.uk The official notice board is online at: <https://darlingtondmc.com/virtual-noticeboard/>

1.12 PRESENTATIONS:

All cars will return to Parc Fermé. Officials will direct cars as necessary for presentations.

1.13 CIRCUIT & MEETING NOTES:

D&DMC will not be liable for any damage caused to vehicles being recovered from the track. Where there are signal lights around the circuit, these lights have the same meaning as the flag signals. There is no fuel available at the circuit.

1.14 LIGHT PANELS AND FLAG SIGNALS

At venues where light panels are operational, these light signals will take priority and may be supplemented with flags. For reasons of safety, in case of conflicting signals between the flags displayed by marshals and the light panels, drivers must comply with the requirements of the signal with the highest level of safety. In order of precedence: Red Flag, Safety Car, Double Yellow Flag, Single Yellow Flag, Green Flag. Please see the information sheet in Section 5 these final instructions for a diagram of the different light panels that will be used. Please Click Here to see the official changes to Q12.24 by Motorsport UK 1.15 TRACK LIMITS The attention of Competitors is drawn to the current Motorsport UK regulations regarding track limits which have come into place on June 1st 2023. Track limits will be monitored around the circuit. A driver will be judged to have left the track if any part of the contact patch of any tyre of the vehicle goes completely beyond either the outer edge of any kerb or the white line where there is no kerb. Unless championship regulations state otherwise, the following penalties will be applied: In qualifying sessions: The lap time on which the breach occurred will be disallowed for the purposes of establishing grid order for the relevant race but will still count towards the minimum number of laps required to qualify for the relevant race. Note of times that have been disallowed will made on the results sheet for that session. In race sessions: A first breach will be noted. A second breach will result in the driver being shown the Black & White flag. A third breach will result in the driver receiving a 5-second time penalty. A fourth breach will result in a further 10-second penalty being added to your race time. A fifth breach will result in a 'Drive Through Penalty' Q 12.26 (h) in addition to the preceding time penalties. A sixth further breaches will result in a Black Flag. Should the number of breaches or the timing of the receipt of the Judge of Fact reports in race control, prevent the above procedure from being implemented, the Stewards (where they are the designated authority to impose such a penalty), may, at their discretion and after the race, invoke article Q.12.21.4 of the Motorsport UK Regulations and impose a post-race penalty.

1.15 TIMING OF DECISIONS

If the Clerk of the Course holds a formal inquiry into an incident and subsequently issues a formal decision to a competitor, a verbal decision will be issued followed by a document sent to the competitor by email. The timing of the decision will be when it is given verbally, and this will be the time recorded on the decisions. This will also be the time that the appeal period, where applicable, begins.

1.16 TRANSPONDER HIRE.

If you need to hire a transponder for this meeting, you must do so by the Wednesday prior to the event. This can be done by booking with SMART TIMING Don't leave it until the race weekend, the timekeepers may not be able to supply you a transponder if you have not pre ordered one. This could lead to you being in breach of MSUK Regulation 12.8.1.

3 GENERAL INFORMATION:

3.1 LIVE SNATCH:

The Clerk of the Course has the option to carry out a "live snatch" under local yellow flags at the first corner (Clerveaux).

3.2 Safety Car:

During races, a safety car may be brought into operation to neutralise the race upon the sole decision of the Clerk of the Course. Competitors must familiarise themselves with the relevant Motorsport UK (section Q appendix 3) and Championship Regulations. If the race is red flagged during a safety car period the safety car will stop at the control line with all cars in single file behind it, when the race is restarted the safety car will lead the competitors on a restart lap, when the safety car puts out the lights and pulls into the pit lane the green lights/flags will be displayed and the race will restart, remember no overtaking before the control line.

3.3 RED FLAGS:

Race Stops: Should any race be 'red flagged', notwithstanding the provisions of MSUK Q12.15, it may be restarted at the discretion of the Clerk of the Course and, if time permits, for the remaining scheduled distance. Only cars running at competitive racing speed when the red flag is displayed will be allowed to

participate in the restarted race, and 'Parc Fermé' conditions will apply between the red flag being shown and the start of the restarted race. The grid for the restarted race will be the order in which the cars passed the Finish Line at the end of the lap preceding the lap on which the red flag was shown. The result of the race will be the order in which the cars cross the Finish Line when the chequered flag is displayed after the restarted race. If a red flag is used twice in the same race, the restart will be put to the end of the normal timetable and will run if time allows.

3.4 JUDICIAL PROCEDURES:

The judicial procedures for this meeting remain unaltered except that paperwork will be dealt with electronically. Any protest or appeal needs to be lodged with the Secretary of the Meeting in the administration office or the Clerk of the Course. Judicial hearings will be conducted in the usual. Once a decision has been made it will be announced verbally and passed by email to those concerned. The time limits for any protest or appeal remain unaltered.

3.5 RACE-DAY INFORMATION:

The organisers will try to run the programme as published however they reserve the right to bring forward, delay or abandon sessions to suit the conditions. A digital Race Day Programmes will be available: The notice board is online at: <https://darlingtondmc.com/virtual-noticeboard/>

Race Results will be published on the SMART Timing website: www.smart-timing.co.uk.

3.6 SOCIAL MEDIA

Both officials and competitors are reminded that they should not make comments on social media sites which may in any way be deemed derogatory, defamatory, obscene, or libellous. You should remember that comments made are in a public arena and can be seen by more than your intended audience. Please read the D&DMC Social Media Guidelines.

3.7 SAFEGUARDING:

Several officials within the club are appointed as safeguarding officers and are available to deal with problems which may arise or are brought to their attention. Issues can be raised by contacting the senior clerk of the course at an event or contacting a safeguarding officer whose details can be found within the D&DMC Safeguarding Guidelines. Or you can use the BARC Safeguarding Incident Report Form to report any problems that have arisen.

3.8 GENERAL HEALTH & SAFETY:

Championship Co-ordinators and representatives are asked to visually check garages and working spaces for the following:

- 1) Fuel is stored in suitable containers with lids away from sources of ignition;
- 2) Each competition car has one suitable fire extinguisher stored in a usable location (i.e., not in race transporter) and is both tested and in-date; Floor/ground is kept clean & tidy;

3.9 WASTE DISPOSAL

All waste is to be disposed of in identified bins & containers provided by the circuit. Waste must not be mixed, or waste left around the site. In the event that the D&DMC is charged for such issues then the charge will be passed on to the championship concerned if the individual cannot be identified. Old tyres must be taken away by teams/competitors unless the championship has arrangements with the tyre company (there will be waste disposal charge levied to the championship for any items which are controlled/hazardous that D&DMC and or Circuit have to dispose of).

3.10 TRIP HAZARDS

No trailing electrical cables that can cause electric shock or tripping hazard are to be left uncovered and must not cross pedestrian access routes; Waste/grey water from motorhomes must be disposed of in line with circuit requirements; Work at height without harnesses and fall restraints is not permitted. The use of BBQs in the Pit Garages is strictly forbidden.

3.11 SPECTATORS AND CHILDREN

Competitor tickets and public tickets (purchased via Croft Circuit) will grant access to the paddock – accompanied children will be admitted.

3.12 NON-COMPETITON VEHICLE SAFETY

Entrants, Teams, and Competitors must ensure that all vehicles are used in accordance with manufactures instructions and under no circumstances should anyone be allowed to ride or hang on to buggies, tyre trolleys, roll bars, side pods and the like. A maximum 10 mph speed limit will be in force in all public areas except in the paddocks where it is 5 mph. The use of e-scooters is prohibited.

4 Postponement/Cancellation:

The Organisers reserve the right to postpone, abandon or cancel the meeting or any part thereof. In this event the competitor or entrant has no right to claim against the Organisers in respect of any loss or expense he/she may thereby incur.

The 3 levels of concern

Level 1 Concern

A concern/report which can be addressed by explanation. A written account to be taken of both the incident and **action**

- Unintentional Jovial banter / Use of unintentional profanity etc/ Trial by social media
- Motorsport UK takes an impact over intent approach to behaviour
- An individual who is not responsive to corrective advice should be elevated to the next Concern Level

Level 2 Concern

A concern/report that requires investigation & written statements in respect of behaviour that has caused considerable **offence**

- Does the complainant wish the matter to be elevated to **serious**?
- Aggressive, intimidating behaviour. Sexist, racist, homophobic, transphobic or ableist language, or any slurs that may offend
- Could be addressed by explanation and formal education but ultimately such behaviour has no place in our sport

Level 3 Concern

A concern/report which has caused considerable **upset** and which will require escalation to Motorsport UK

This could be:

- Persistent transgressors or incidents
- Aggressive, intimidating behaviour. Sexist, racist, homophobic, transphobic or ableist language, or any slurs that may offend
- An immediate suspension will usually be imposed
- Consider the nature of the incident, this may be illegal
