CNC HEADS SPORTS/SALOON CHAMPIONSHIP

SPORTING AND TECHNICAL NOTE 05

LICENCE GRADE AND POWER/WEIGHT OF VEHICLE

To all CNC Heads drivers,

Remember that in 2017 your licence grade will be determined by the power to weight ratio of your racing car. See 2017 Blue Book section (Q) page 280 para 9.1.2 for full details.

If your car is 0.34bhp/kg or over you will need a national A licence. You will need to enter this information on your championship Vehicle Registration form and Driver Registration form.

The power is taken at the driven wheels.

It will not be part of scrutineering at each event.
